646 Do you hate seeing me that much?(6)

Friends.

What was the answer they had discussed?

Su Wanwan turned her head and looked at the man behind her. He didn't say a word, his posture of silent consent.

Su Wanwan slowly blinked her eyes. She didn't even have the desire to refute. She wanted to see how far PEI Munian and Xi Zhiwei could go and how far they could lie with their eyes open!

If they could really make her give up, she would be grateful to them instead.

"Oh, really? Since that's the case, of course I welcome your arrival." The Butler smiled and gestured for them to enter. Mr. PEI, Mrs. PEI, and this lady, please come in."

The Butler led them into the living room. Old master Lin was brewing tea. When he saw them enter, he stood up with a smile. you're here.

PEI Munian stepped forward and shook hands with the old man.

"Have a seat. Just Make yourself at home," Old master Lin called out to them.

PEI Munian was the first to sit down on the sofa. Xi Zhiwei was about to sit beside him, but su Wanwan sat down first without any hesitation. Xi Zhiwei's movements froze in mid-air, her hands clenched tightly, and she could only sit on the other side of PEI Munian.

PEI Munian glanced at su Wanwan's action from the corner of her eye and her eyebrows furrowed slightly, revealing a trace of helplessness.

Old master Lin looked at su Wanwan's impoliteness and raised his eyebrows. this beautiful lady, it seems that you and Mr. PEI have a deep relationship. You're not ordinary friends, right? "

Usually, when a married couple sat together, other people would more or less avoid it. However, she directly sat in the wife's seat and even acted as if it was a matter of course.

Old Lin seemed to be asking su Wanwan, but his eyes were looking at PEI Munian. The expression in PEI Munian's eyes didn't change, and her tone was still indifferent. She replied as usual, " we're just ordinary friends.

"Oh?"

Elder Lin then looked at su Wanwan. really? "

Su Wanwan smiled and replied: " yes, ordinary friends. Ordinary friends that can't be more ordinary.

She tried to use a calm tone, but her tone still carried a hint of gritting teeth.

"Hahaha."

He didn't know what triggered the old man's laughter, but the old man laughed happily. The smile lines on his face appeared, and his laughter was extremely Grand and hearty.

After drinking some tea, the old man suggested that they go for some exercise. There happened to be a large open space behind his Manor, so he had people make it into a golf course and invited them to play golf together.

The guest should suit the host. PEI Munian naturally had no objections. Xi Zhiwei also nodded. The old man looked at su Wanwan. then, miss su, do you want to go play basketball? "

Su Wanwan hesitated for a moment. I don't really know how to play. If I don't play well, you guys can't laugh at me.

"It's fine, it's fine. I heard that Mr. And Mrs. PEI are good at golf. You can get them to teach you when the time comes."

"That's good."

Old master Lin ordered the servants to prepare sportswear for Xi Zhiwei and su Wanwan. The servants took them to the room to change. After the servants left, Xi Zhiwei was not in a hurry to change her clothes. Instead, she leaned against the wall and looked at su Wanwan, not hiding her sarcasm at all. su Wanwan, I really underestimated you in the past. I didn't expect your ability to chase after someone else's husband to be so much better than mine.

"Someone else's husband?"

Su Wanwan slowly repeated these four words and smiled. are you so happy that you can't find the North after others call you Mrs. PEI a few times? By the way, I've brought the marriage certificate. Do you want to take it out for the old man to admire?"
