

## Deeply 653

653 Do you hate seeing me that much?(13)

The servant did not leave silently like before. Instead, she pushed the door open and walked in.

Su Wanwan heard the footsteps gradually approaching. She frowned and couldn't help but raise her voice, "I said I want to rest. You can go out.

The footsteps still didn't stop and walked straight to the bed. Su Wanwan impatiently lifted the quilt and looked over, but her eyes were frozen.

The person who came was not the servant she had thought, but PEI Munian.

He carried some food to the bedside and placed it on the bedside table. this is dinner. If you're not feeling well, have some.

"Ha."

Su Wanwan glanced at the food and only felt that it was ridiculous. All afternoon, he didn't come to care about her injury at all. Now, he was worried that she would be hungry?

Su Wanwan turned her face away. you don't need to care. You just need to care about your Weiwei.

PEI Munian's line of sight swept over su Wanwan's body without a trace. After confirming that it was as the doctor said and there was no major injury, his eyes relaxed a little.

He sat down on the edge of the bed, picked up the porridge that he had instructed the kitchen to specially cook, stirred it a few times with a spoon, and felt that the temperature was just right. He handed it to su Wanwan, "eat it while it's hot.

Did this person not understand human language?

Su Wanwan pushed away PEI Munian's hand angrily. I'm not eating! I don't need you to pretend!"

PEI Munian's hand was forcefully pushed away, and the porridge rippled in the bowl, almost spilling out. PEI Munian held the bowl tightly, a strange light flashing in her eyes, but it disappeared in a flash.

He put down the porridge, wiped his hands with a tissue, and continued, "it's up to you whether you want to eat or not. However, you must leave the manor tomorrow.

".....?"

She knew that those who were unaccountably solicitous were evil.

He had brought her dinner not because he was worried that she would starve, but because he wanted to use this as an excuse to chase her away.

In fact, su Wanwan also didn't want to stay here anymore. If it was said that she still had a glimmer of hope before, but after experiencing the injury, she also recognized it.

She was probably just a clown in their eyes.

However, she could leave if she wanted to, but that didn't mean he could chase her away. Ever since she came here, he had been chasing her away. The more he chased her away, the more she didn't want to leave and wanted to stay here!

No matter what, he had to fight for this honor!

"You're not the owner of this place, what right do you have to let me go? Before elder Lin says anything, it's up to me to decide if I want to stay or leave!"

PEI Munian lowered her eyes, and the light in them surged as if many thoughts were flashing through them. However, when he looked up at her again, he was calm again.

In fact, it was so calm that it was a little scary.

"Su Wanwan, you're disturbing me and Weiwei."

PEI Munian opened her mouth, pausing after each word. The words were simple, but they were like ten thousand arrows piercing through her heart. Su Wan was stunned.

Perhaps it was because she had asked him a question at the hotel yesterday, but he had not given her an answer, which made her feel indignant. She also felt that there was still a glimmer of hope, so she had chased after him regardless.

People were always like this. Before they really heard the answer, they would hide an obsession in their hearts.

As for PEI Munian, she seemed to be able to easily see her weakness and hit it.

"Did I disturb you?" Su Wanwan's voice was hoarse and she repeated word by word, "I'm your wife, but I'm disturbing you?"

As su Wanwan spoke, she laughed. you shouldn't be saying this to me now. You should be saying this on the night of the party.
