The central Hospital was the hospital where Yu Jia worked, and she was a gynecologist. If she could help, she should be able to find out something, right?

Su Wanwan rubbed her tired eyebrows and her voice was a little hoarse, "I understand. Thank you, aunt Wu. I'm a little tired, so I'll go upstairs to rest first.

Aunt Wu naturally didn't dare to disturb su Wanwan's rest and nodded repeatedly. go and rest quickly.

Su Wanwan carried her luggage upstairs. She first went to the baby's room to take a look at Xiao Zeze. Seeing that he was sleeping soundly, she gently kissed his little face and then went back to her room.

After turning on the hot water, su Wanwan soaked herself in the bathtub. The hot water soaked her skin and she sighed softly, but the knot between her eyebrows couldn't be smoothed out.

She had only been abroad for two days, but those two days felt like years. PEI Munian's indifference was more lethal than his cold words. He had only said one sentence last night, and she had almost cried for the whole night.

She had once told her not to fall into PEI Munian's love trap again and not to let herself hope for a hopeless love. However, when you really fell in love with someone, she understood all the great principles, but you couldn't help it.

She was able to infinitely magnify any tiny bit of hope and grab onto it with all her might.

After taking a shower, su Wanwan wrapped herself in a bathrobe and came out. The first thing she did was to walk to the bedside table and pick up her phone to check. However, there were still no messages or calls from PEI Munian.

Su Wanwan pursed her lips and threw her phone on the bed. She also lay down, but she tossed and turned. Her heart was very noisy and she couldn't fall asleep.

Su Wanwan grabbed her phone again and searched for Yu Jia's number. When she was about to call, she stopped again. She glanced at the clock on the wall. It was already past twelve o'clock in the evening. Yu Jia was probably asleep. No matter how anxious she was, it was not good to disturb her. She could only wait until tomorrow.

She didn't know if it was because of her worries or the time difference, but su Wanwan didn't sleep the whole night. She only slowly fell asleep when the sky was slightly bright. When she woke up again, it was already the evening of the next day.

Su Wanwan sat up from the bed. She was still a little dizzy from her sleep, but she didn't forget to pick up her phone and call Yu Jia.

The phone rang a few times before it was picked up. The background on Yu Jia's side was a bit noisy. Su Wanwan couldn't help but say, "Where are you? What's with the noise?"

"I'm on my way to a blind date. It's the peak traffic right now, so of course it's noisy."

Blind date

During this period of time, every time she called her, she was either on a blind date or on the way to a blind date. Su Wanwan couldn't help but laugh. you should at least take a break. You're rushing to the venue every day.

I have no choice. I have to quickly sell myself while I'm still not too old. Otherwise, I'll really be an old woman. Yu Jia paused and continued,"what about you? aren't you busy chasing your husband?" Why are you so free to call me?"

Su Wanwan pursed her lips and lowered her voice, " I'm back. I came back last night.

"So fast? Didn't you just go there two days ago? Did you find PEI Munian? Did he come back with you?"

"No, I came back on my own." Su Wanwan laughed at herself. he's with Xi Zhiwei and they call each other husband and wife. He felt that I was in the way and chased me back.

"F * ck!" Yu Jia couldn't help but curse.

"So, Yu Jia, there's something I need you to help me look into."
