He had finally returned.

Su Wanwan's heart that had been hanging in the air these days slowly fell. Her black eyes were almost fixed on the man, moving with his figure until he walked into the room.

A voice came from the entrance. Su Wan walked back to the door and heard the sound downstairs, followed by the sound of footsteps. She walked upstairs step by step.

su wanwan hesitated for a long time between pretending to be asleep and being awake. she chose to be awake because she had something she couldn't wait to ask him.

Su Wanwan turned on the light in the bedroom and quickly walked to the sofa. She took the remote control and turned on the TV. A variety show was playing on the TV, and the noise broke the silence in the room.

PEI Munian pushed open the door and saw this scene. She was slightly surprised. She didn't expect su Wanwan to still be awake.

PEI Munian walked in. Su Wanwan pretended to look over inadvertently and met his eyes. She blinked, suppressed the throbbing in her heart, and tried to speak as calmly and coldly as possible, "you're back.

PEI Munian looked at her for a few seconds and did not respond. He pulled off his tie and threw it on the bed. Then, he unbuttoned his shirt and said emotionlessly, "This is not your room."

Su Wanwan couldn't help but clench her fists.

This man really had the ability to ignite her anger in a second. He was so cold to her abroad and did not look good when he came back.

However, looking at his cold appearance, this level of attack was no longer lethal.

Su Wanwan stood up from the sofa. She was holding something in her hand and walked towards PEI Munian. I have something to ask you.

PEI Munian lowered her eyes and looked at su Wan, who was standing in front of him. She raised her eyebrows slightly, as if signaling her to speak.

Su Wanwan raised the magazine in her hand in front of him, shook it, and said, "the driver gave me this magazine before I got on the plane so that I could read it to relieve my boredom. You asked him to buy it, right?"

PEI Munian glanced at the magazine.

Su Wanwan flipped open the magazine and turned to the page where old master Lin's interview was. She pointed at the page and stared at PEI Munian with her head held high. She continued, "this is the interview with old master Lin. Is this what you want me to see? You want to use this interview to tell me that you brought Xi Zhiwei to meet elder Lin only because you wanted him to treat you, right?"

“As for you admitting that you and Xi Zhiwei are husband and wife, because that was the condition for old master Lin’s treatment, you put on an act in front of him and did not mean it, right?”

PEI Munian listened to her quietly and curled her lips. However, there was no smile on her face. you have a rich imagination, ” she said in a calm voice.

that’s also what you guided me to imagine, and I feel that everything I think is right, right? ”

PEI Munian sneered and denied it without hesitation. No.

He walked around su Wanwan and headed towards the changing room. As he walked, he said, ” after I come out, I don’t want to see you in this room.

Damn it. Although she knew that he might not admit it, he denied it too quickly. He really did not give her any hope.

Su Wanwan pursed her lips, turned around and looked at his back as he walked into the changing room. Without saying anything, she followed him.

When she pushed open the door of the changing room, PEI Munian was taking off her shirt and her strong body appeared in front of su Wanwan. She couldn’t help but be a little stunned.
