PEI Munian did not expect her to barge in so suddenly. She frowned and her voice sank. get out!

Su Wanwan was still a little shy at first, but after he scorned her like this, she became magnanimous. She strode in and walked in front of him in two or three steps. She crossed her arms and sized PEI Munian up and down before saying, "It's not like you haven't seen her before, why are you acting shy?"

PEI Munian laughed in anger. He grabbed the loungewear and quickly put it on. His dark eyes looked at her coldly. I told you to get out, didn't you hear me? "

Su Wanwan suddenly took a step forward and pushed PEI Munian's shoulder with both hands. PEI Munian was caught off guard and staggered from the push, leaning against the wardrobe behind her.

Su Wanwan's hand reached out and supported her hand on the side of PEI Munian's cheek with a thud. She leaned over, narrowed her eyes, and looked at the man in front of her. Her red lips parted slightly, and she paused after every word. PEI Munian, don't think of driving me away. I'm the rightful Mrs. PEI, the mistress of this villa, and the mother of your son. As long as we don't divorce, you can't drive me away. Of course, we will never divorce in this life, so you can accept your fate!

PEI Munian seemed to be shocked by her words. He looked at the determined light in su Wan's eyes and his expression was slightly dazed. After a few seconds, he sneered, "are you done? "

He pushed su Wanwan away unceremoniously and pointed his chin in the direction of the door. go out if you're done!

Su Wanwan opened her mouth and wanted to say something, but PEI Munian had already grabbed her wrist unceremoniously, dragged her out of the dressing room, and then threw her out of the bedroom.

The door slammed loudly in front of su Wanwan without any restraint.

Su Wanwan angrily clapped her hands and couldn't help but clench her teeth. PEI Munian only knew how to use this trick every time, but no matter how he said that he wanted to drive her out, he never really drove her out of this villa.

Realizing this problem, su Wan's eyes suddenly brightened. It seemed that it was really like this. How many times did he say that he wanted to throw her out? in fact, he didn't. Even when he drove her back to the country when she was abroad, he didn't say that he didn't let her continue to live in the villa.

Although she had the child as a bargaining chip, if PEI Munian really did not want to be involved with her, he had many ways. How could he be intimidated by her just like that?

PEI Munian was obviously giving in to her. A man would never give in to a woman for no reason. It was definitely supported by feelings.

Thinking about it, it made sense. Although PEI Munian treated her coldly, she had never gone to the extreme. That was why she had always had hope in her heart. Just like when she was abroad and was about to give up, she had sent her a magazine.

PEI Munian cared about her. Even if he didn't admit that he had asked the chauffeur to send her the magazine, she was certain that it was him.

A raging fire suddenly burned in su Wanwan's heart. She swept away the decline of this period of time. As long as PEI Munian cared about her, she would dig out this part and then continue to expand it. She would never let him escape from her palm again!

Su Wanwan clenched her fist and then shouted at the door, "Niannian, good night. See you tomorrow, see you every day!"

The voice entered PEI Munian's ears and she paused in her steps, which were about to enter the bathroom. A ray of light flashed across her eyes.
