PEI Munian's Black eyes swept over su Wanwan and she said coldly, "Put your hand down."

Su Wanwan pretended not to hear it and rushed forward with PEI Munian. At the entrance of the amusement park, there were staff members wearing puppet costumes in all kinds of styles. They looked very cute and attracted many tourists to take photos with them.

Su Wanwan excitedly said to PEI Munian, "Let's go over and take a picture together?"

PEI Munian walked away without a word.

Su Wanwan forcefully pulled him back. we're already here. It's a pity not to take a photo. Didn't you bring Xiao Zeze out to play? "You have to respect his wishes. Xiao Zeze wants to take photos, right, Xiao Zeze?"

Children were easily attracted by colorful and cute things. When they saw those puppets, their eyes shone and they stretched their necks to look in that direction, as if they were responding to su Wan's words.

"Look, Xiao Zeze wants to take photos so much! Go on, go on!" Su Wanwan kept pestering PEI Munian.

PEI Munian thought that her nagging was giving her a headache. He stuffed the child back into su Wanwan's arms and said, "you guys go and take the photos. I'll wait for you here.

Su Wanwan pouted and looked at PEI Munian eagerly. if you don't go, little Zeze will be unhappy. Can't you just shoot once? Just this once!"

Xiao Zeze, who was in su Wanwan's arms, also pouted his small mouth and stared at PEI Munian with his big eyes. The two of them had the same expression.

PEI Munian's brows furrowed tightly and her voice deepened. don't think that I'll take such photos!

"Is it really not possible?" Su Wanwan's eyes revealed a pleading look. Xiao Zeze also called out and waved his small hands.

".....?"

A minute later, su Wanwan carried Xiao Zeze in one hand and pulled the expressionless and unwilling PEI Munian to the doll. Then, she took out a selfie stick from her bag, put it on her phone, and said to everyone, "Come, everyone, look at the camera."

niannian, smile! Hurry up, Xiao Zeze is looking at you!

PEI Munian forced a smile. He must be crazy to agree to take such a childish photo after being dazed by this woman's pleading eyes!

With a snap, PEI Munian walked away without hesitation, but su Wanwan grabbed her arm and pulled her back. don't move, let's change positions and take another picture!

PEI Munian's eyebrows twisted and su Wanwan immediately blinked her big eyes again. She raised a finger and said weakly, "can't i have another one?"

PEI Munian took a deep breath and directly snatched the phone from su Wanwan's hand. He raised the phone with one hand and pulled su Wanwan into his arms with the other. The camera was aimed at them and he pressed the camera button more than ten times in a row. Then, he threw the phone back to her. is this enough?"

Su Wanwan looked at the photo on her phone. The three of them were snuggling up intimately. Although PEI Munian didn't have any expression, they looked like a family of three.

Su Wanwan's lips curved and she finally nodded in satisfaction.

After entering the circle, the most eye-catching thing was the dreamy merry-go-round. It was colorful and full of princesses. Although it was a game that couldn't be more childish, it still deeply attracted the hearts of girls. Su Wanwan immediately excitedly pulled PEI Munian's merry-go-round over.

Just now, PEI Munian was just unwilling to take the photo. Now, his handsome face didn't hide his strong dislike. su Wanwan, don't think that I will play this with you!
