He held the ring and was unwilling to rest for even a moment. He ran back in a hurry. When he ran back to the door of his apartment, he was panting heavily and sweating profusely, but he did not feel tired at all.

He had always been a decisive person. Once he made a decision, he would do it. However, when he stood at the door, there was a trace of hesitation and fear.

He was afraid that his proposal would be too abrupt and scare her. He was also afraid that if she didn't agree to it, what would he do?

After hesitating for a long time, he finally mustered up the courage to push open the door. He had once thought that the door would lead to the road of happiness, but he did not expect that it would lead to an endless hell of darkness and pain.

The day before, he got together with su Wanwan. The day after, they became strangers. Everyone found it strange and no one could understand. Lu Sheng even specially came to ask him why.

Why?

How did he answer back then?

He said, " I love her very much. It's just that Hanhan doesn't love me.

It's that simple, it's just that simple.

PEI Munian closed her eyes, and tears slowly seeped out from the corners of her eyes. He raised his hand and covered his face with his big palm, but his body still trembled unconsciously.

—

The next day, su Wanwan forced herself to get out of bed. After washing up, she changed her clothes and went to the company with her bag.

She could listen to her grandfather on everything, but she couldn't be suspended at home and not participate in the company's Affairs!

No matter what, she had to fight for it. She had to stay in the company and do a good job with the project at hand. Only then would she not need the PEI family's money and be looked down upon by PEI Munian!

After su Wanwan arrived at the company, she directly walked towards the chairman's office.

When Secretary su saw her, she quickly reached out to stop su Wanwan and said in a business-like tone, " manager su, the chairman doesn't want to see guests now. He asked you to directly connect the work at hand with me.

Su Wanwan frowned. Grandpa doesn't see guests, but I don't see them either? " Move aside!"

Secretary SU's expression was a little awkward. manager su, this is the Chairman's order. Please don't make things difficult for me.

Su Wanwan's hands hanging on both sides of her body clenched hard. Her pearly white teeth bit her lower lip tightly. After taking a deep breath, she gently opened her red lips. okay, I won't make things difficult for you. I won't force my way in. I'll wait here, wait for when Grandpa is willing to see me and see me again. Is that okay? "

After saying that, she took a step back and stood there stiffly.

Secretary su looked at her and couldn't help but sigh. After thinking for a while, he turned around and knocked on the office door.

After about five minutes, Secretary su came out of the office and said to su Wanwan, " manager su, the chairman wants to see you.

Su Wanwan curved her lips at him and said thank you. Then, she tidied her clothes and walked in.

Su Zhenhua was sitting on the sofa and sipping tea. When he saw su Wanwan come in, he smiled and said, " Wanwan, come and have a seat. Have a cup of tea with Grandpa.

Su Wanwan obediently walked over and sat down. She picked up the tea that Su Zhenhua handed over and took a sip. Then, she put down the teacup and wanted to speak, but Su Zhenhua spoke first. Wanwan, mu Nian transferred the third sum of money over yesterday. You know about it, right? "

Su Wanwan was stunned, her long eyelashes couldn't help but tremble.

How could she not know that she had used such a humiliating method to exchange for this sum of money?
