Vent his anger? She didn't vent her anger. What did Auntie Wu say?

Su Wanwan looked at aunt Wu in shock and frowned doubtfully. aunt Wu, you're saying Yueyue, niannian and I made up? What do you mean by that?"

"Ah? You guys haven't made up yet?" Wu Min mumbled, " I saw young master coming out of the guest room this morning. I thought that after yesterday, your relationship with young master wasn't so bad anymore.

Did PEI Munian leave her room this morning?

Su Wanwan blinked and grabbed aunt Wu's hand with both hands. She unconsciously used a little strength. aunt Wu, Are you sure? Niannian left my room this morning?"

yes, when you came back yesterday, you and the young master were so tired that you fell asleep. The young master sent you to your room and didn't come out after that. I was taking care of the young master last night, so I slept in his room. I didn't hear the young master come out in the middle of the night, so I thought that the young master must have slept with you.

Following aunt Wu's words, the light in su Wanwan's eyes brightened a little. Perhaps those images in her mind were not dreams but reality. PEI Munian had been in her room and saying this. Her confession yesterday still had an effect. Did PEI Munian believe her?

Aunt Wu looked at su Wanwan and didn't speak. She only cared about laughing like a fool. She also laughed. it seems that I didn't guess wrong. Young Madam, you really moved young master? "

Su Wanwan's hand covered her cheek. I'm not very sure, but ran ran might be a little touched, right? "

Su Wanwan suddenly wanted to see PEI Munian very much. She wanted to see what kind of expression he had when facing her at this moment. Was it as cold as before? Or had there already been some changes?

However, PEI Munian would only be back at night and she could not wait a second longer.

Su Wanwan's Black eyes turned and her brain flashed. She suddenly stood up from the sofa and said to Wu Xin: "Auntie Wu, have you made lunch? Let's make lunch together!"

"Ah?"

They hadn't even had breakfast yet. Why was it lunch?

young Madam, I haven't prepared lunch yet, " Auntie Wu said hurriedly. if you're hungry, you should have some breakfast first.

no, no, I'm not hungry. I want to make lunch and send it to niannian at noon.

Aunt Wu suddenly realized and blinked at su Wanwan. okay, young Madam, I understand. Let's go prepare lunch.

With aunt Wu's help, su Wanwan made a few of PEI Munian's favorite dishes and put them into the lunch box. She dressed up a little, took her bag, and went out.

Today, the road conditions were strangely good and the road was unimpeded. Su Wanwan drove the car and quickly arrived at the PEI family group.

She parked the car by the side of the road, got out of the car with the love-filled lunch box she had prepared, and walked into the group building.

Since su Wanwan appeared at the PEI family group's mid-year Gala, basically all the staff could recognize this president's wife and didn't stop her, allowing her to enter.

When su Wanwan appeared on the top floor, assistant Wu was extremely surprised. After all, he knew that the relationship between the big BOSS and su Wanwan was very stiff, but he didn't expect su Wanwan to come to the company to find the big BOSS.

"Miss su, why are you here?"

"I'm here to bring niannian lunch. Is he in the office?"
