686 Try to start over (6)

PEI Munian's body stiffened for a moment. He put down his bowl and chopsticks and pushed su Wanwan away. He looked at su Wanwan and said in a faint voice, "I'm full. I still have work in the afternoon. You can go back.

".....?"

He really knew how to pour cold water on people!

PEI Munian stood up and was about to leave when su Wanwan grabbed his wrist and stopped him. She said stubbornly, "Niannian, you haven't answered my question yet!"

Su Wanwan said eagerly, "last night, I kissed you and you didn't reject me. Today, I brought you food and you ate it. It was so unpalatable. Can't you answer me now?"

PEI Munian lowered his eyes and his gaze fell on su Wanwan's face. His eyes were still calm, but he didn't answer and instead asked, "what kind of answer do you want?"

"If you ask me, I'll believe you. And then?"

Su Wanwan was speechless. PEI Munian's attitude softened, but she was not as happy as she thought. Even if he believed that she was sincere, he didn't have any reaction?

Could it be that he really had no feelings for her? So it didn't matter if she loved him or not? Or could it be that he hadn't completely forgiven her yet, so he was holding back?

She would rather believe that it was the latter. That way, she still had room to continue working hard.

Su Wanwan swallowed her saliva and tightened her grip on PEI Munian's hand. I've said it before, I don't want to divorce you. I want to live with you forever. Since you believe in my sincerity, can you give me a chance, Hanhan? let's try to start over again.

PEI Munian's dark eyes stared at her and she did not speak for a long time.

Su Wanwan's heart gradually lost confidence. Everything that happened last night, everything that happened just now, could it be the moon in the mirror again? It wasn't easy for them to ease up their relationship, so they couldn't go back to square one just like that.

Su Wanwan was in a hurry and could only call for help again. even if, even if it's for Xiao Zeze, we should live well, right? Xiao Zeze is still so young, he needs a father and a mother. The harmony and happiness of the family is the only way for the child to grow up happily. Yingluo, if we divorce and you marry another woman, the other women may not be good to Xiao Zeze, right?"

"Do you really want to start over?" PEI Munian interrupted her lightly and spoke word by word. However, his voice was low and she could not hear any emotions from it.

Su Wanwan's eyes widened, and then she hurriedly nodded.

After ordering, su Wanwan subconsciously asked in a low voice, " whether it's for us or Xiao Zeze, can we try? " If we're not careful, we'll grow old together."

PEI Munian didn't speak for a long time again. She didn't know if she was thinking or thinking about something else, making su Wanwan anticipate and feel uneasy, as if her heart and lungs were being scratched.

After a long time, PEI Munian let out a low " mm ". Her voice was so low that su Wanwan didn't hear it clearly at first. She was slow for a few seconds before she suddenly reacted. niannian, does this mean that Wanwan agreed? "

"Did you just say yes?" Su Wanwan quickly asked.

Suddenly, someone knocked on the office door. After that, assistant Wu pushed the door open and walked in. She said to PEI Munian, " Boss PEI, the meeting is about to start.

PEI Munian nodded and pulled her hand back from su Wanwan's tight grip. She was still so distant and cold. I have to go to a meeting. You can go home.
