

Deeply 689

689 Try to start over (9)

PEI Munian returned to the villa at around nine O'clock in the evening. He changed his shoes at the entrance and went straight upstairs.

He walked to the door of the bedroom and pushed it open. The room was brightly lit, but there was no one inside. A look of surprise appeared in PEI Munian's eyes, but it quickly disappeared.

It's just that it's so calm and tranquil, and it doesn't seem like su Wanwan's style.

As PEI Munian walked in, he tugged at his tie and threw it on the sofa at the side. He raised his hands, unbuttoned his sleeves, and unbuttoned his shirt.

With a bang, the bedroom light suddenly went out, and the bathroom door was pushed open. The whole room was dark, and only the light from the bathroom could be seen.

The woman leaned against the light, her alluring figure leaning against the door frame. Su Wan's long curly eyelashes trembled, her red lips opened and closed, her voice was slightly hoarse. In the dim environment, she was full of charm.

"My dear, you're back?"

The voice came over slowly. Su Wanwan also took light steps and walked towards PEI Munian.

PEI Munian's memory had always been good. At a glance, she saw that under su Wanwan's half-opened bathrobe, she was wearing the number three bra she sent over. It had a beautiful leopard print and looked wild and flamboyant.

He didn't expect her to really wear it!

Su Wanwan walked in front of PEI Munian, the corners of her lips lifted and she smiled at him. Then, she directly unzipped the belt of her bathrobe, half-unzipped it, put her hands on her waist, and spun around on the spot. She raised her chin and said, "I guess you like this. How about it? Are you satisfied?"

Her fair skin seemed to shine with light, and her deep curves were sexy and charming. The contrast of the colors stimulated people's senses.

Further down, she had a slender waist, a flat abdomen, and a beautiful buttocks. Just that arc was enough to make people daydream, not to mention that pair of slender white legs, which made people unable to look away.

PEI Munian was stunned and her eyes unconsciously fixed on her.

When she had sent him the message in the afternoon, he couldn't help but imagine how she would look in those undergarments. He didn't expect that those imaginations of his were not even one-ten-thousandth of her beauty and allure.

She was simply a fairy!

Su Wanwan saw the dazed and dazed look in PEI Munian's eyes and the corners of her lips rose slightly. This time, she was caught off guard. There should be some gains, right? She must push him down with all her might today! He must eat him!

Su Wanwan suddenly took a step forward and put her hands on PEI Munian's chest. The next second, she pushed him hard towards the big bed behind her. PEI Munian was caught off guard and fell into the soft mattress. Su Wanwan knelt on one knee on the bed and supported one side of PEI Munian's cheek with one hand, her body hanging above him.

Su Wanwan's Black eyes swept over his handsome face. Her hands touched PEI Munian's shirt buttons and unbuttoned them one by one.

PEI Munian's lips wriggled, as if she wanted to speak. Su Wan's slender fingers covered his lips and "shushed" him. niannian, you don't have to say anything. Just enjoy it.

She would definitely give him a wonderful experience. She had spent the entire afternoon studying the technique!

Su Wanwan's hand gently caressed PEI Munian's face, then her red lips moved down bit by bit and kissed PEI Munian's thin lips.
