

## Deeply 691

691 Are you done?(1)

Su Wanwan suddenly sat up on the bed and stared at the bathroom in disbelief. PEI Munian actually threw her away again. Previously, if she said that he was unwilling to let her forcefully pounce on him, it would be fine. Now, it was obvious that they were lovey-dovey and both were willing. The atmosphere was also so hot. How could he still get up in this situation?

Isn't this a typical example of me taking off my pants and you're showing me this?

Damn, what did PEI Munian mean by this? Stopping at the last minute every time, wouldn't that hurt her self-esteem too much?

It was fine if he didn't have any reaction to all of them, but he had such a strong reaction. He gave her a sweet date and then punched her hard!

Su Wanwan was so angry that she grabbed PEI Munian's pillow and smashed it 360 degrees on the bed. After all kinds of shaking, she panted and lay flat on the bed.

Hmph, don't think that I'll give up so easily. If I can't do it today, I'll do it tomorrow. If I can't do it tomorrow, I'll do it the day after. If he doesn't like this set of underwear, he can change it. I don't believe he can keep holding it in forever!

When PEI Munian came out of the bathroom, su Wanwan had already fallen asleep on the bed. She was lying on her side, her beautiful back was exposed, white and confusing.

PEI Munian's footsteps paused for a moment. His gaze swept across her back. He walked forward, pulled the blanket over su Wanwan, and covered her body. Then, he gently carried her and helped her adjust her sleeping position.

When su Wanwan was turned over to face PEI Munian, her eyes seemed to be half-open and her hands suddenly grabbed PEI Munian's lapels. She muttered angrily, " PEI Munian, you bad person!

PEI Munian was stunned. Su Wanwan closed her eyes again, tilted her head, and fell asleep again.

PEI Munian's lips curled up and a smile appeared in her eyes. He lowered his head and kissed her forehead gently. Then, he slowly moved his lips down to her lips. sleep well.

When PEI Munian got up to turn off the lights, she inadvertently glanced at the sofa. On it were the sets of undergarments she had given him today. PEI Munian could not help but laugh.

Back on the bed, he took su Wanwan into his arms. He thought for a while and whispered in her ear: Wanwan, I actually prefer number five.

Although su Wanwan became more and more courageous, in the following days, no matter how hard she tried-whether she tried to seduce or pounce on her, PEI Munian did not take the bait. However-she did not feel that he resisted her much. When she kissed him, he accepted it. When she pushed him, he also accepted it. Occasionally-he would kiss her and push her down on the bed. He did everything he

should do, but every time at the last step, he would always get up from her in time and leave her alone there, gritting his teeth!

Su Wanwan didn't like this kind of thing much, but after being hit by PEI Munian's continuous blows, su Wanwan's unwillingness to admit defeat rose.

No matter what method she used, if she didn't sleep with PEI Munian, she wouldn't be su Wanwan!

Su Wanwan aggressively rushed into Yu Jia's consultation room, slammed the table, and said heroically, "Yu Jia, get me some aphrodisiacs, the stronger the better!"

Yu Jia was writing a case and was shocked by su Wanwan's words. One of the straight lines slipped out and the pen holder almost tore the paper. w-what? "

Su Wanwan pursed her lips and said word by word with a serious face, "I say, can you help me get some medicine, the one with the best effect!"

Yu Jia's eyes widened, looked at su Wanwan for a few seconds, and also said solemnly: Wanwan, go out and turn left. Go get a brain science license!
