Su Wanwan's dim eyes suddenly lit up. She sat up straight, then stretched out her hand, hugged Yu Jia's head, and kissed her on the forehead. Yu Jia, you are my wisdom star! I love you to death!"

"Go, go, go! I'm not a lesbian!" Yu Jia waved his hand dismissively.

Su Wanwan still went over and hugged Yu Jia with both hands. She rubbed her head against Yu Jia's full chest and said emotionally, " Yu Jia, to be honest, if I were a man, I would definitely choose you. Niannian, step aside!

"Come on, I don't believe you'd value a girl over a friend!"

Yu Jia pushed su Wanwan away without hesitation. Su Wanwan snuggled up to him again. how can there be a woman over friends? I've always loved you, okay? "

Su Wanwan looked at the time. There were still ten minutes before Zhong Yujia could get off work. She said, " I'll treat you to dinner tonight. I've given up the opportunity to have dinner with niannian. I don't think you're valuing your lover over your friend now, right? "

forget it. You should continue to value your lover over your friend. I have something to do tonight.

Yu Jia was single and had left her hometown to make a living in this big city. She was usually busy with work at the hospital and had no social friends other than her. But now, she said that she had something to do.

Su Wanwan raised her eyebrows and immediately gossiped: "What is it? Do you have a date with a handsome guy? That's why you rejected my dinner?"

Pausing for a second, su Wanwan thought of something and added: "Is there a follow-up to that handsome doctor Xu? Quickly tell me the truth!"

Yu Jia was amused by su Wanwan's gossipy look. He pointed at her forehead with his long finger and pushed her away. I do want to have a follow-up with Dr. Xu, but Didn't I tell you? After Gong Yuanyuan and that b * stard messed things up, my relationship with Dr. Xu is only a little better than that of friends. The revolution has not succeeded yet, I still need to work hard!"

When Yu Jia mentioned Gong Lingyu now, she couldn't help but grit her teeth.

Yu Jia did mention this matter to su Wanwan, but the gong Lingyu in Yu Jia's mouth and the gong Lingyu she knew were somewhat different. In front of her, Gong Lingyu had always been very mature and steady. She didn't expect that in front of Yu Jia, he would do such an embarrassing and unbelievably childish behavior. Su Wanwan felt that something was amiss.

so you're not free tonight because you're having dinner with Dr. Xu? don't tell me you're meeting Lingyu? "

"Who has the time to ask him out! I don't want to see him at all right now. I get angry whenever I see him!" Yu Jia said angrily, " don't mention him in front of me!

“Alright, alright, alright, I won’t mention it.” Su Wanwan raised her hands in surrender. then what on earth do you have to do tonight? ”

I’ve been busy with work and haven’t worked out recently. If I don’t go now, all my previous work out will be in vain, so I’m going today. Let’s have dinner next time. I have to keep fit so that I can find my spring.

Since Yu Jia said so, su Wanwan had no choice. alright then, let’s meet again next time.

Su Wanwan stood up, picked up her bag, and said goodbye to Yu Jia, ” then I’ll go first.

“Yes.”

Su Wanwan turned around and walked towards the door. After a few steps, she thought of something and a light quickly flashed in her eyes. She then turned back to look at Yu Jia and asked casually, ” are you still exercising at XX club? ”

“Yeah, what’s wrong?”

Su Wanwan shook her head. it’s nothing, I’m just asking. I’m leaving!

As soon as su Wanwan walked out of the consultation room, she immediately took out her phone from her bag!
