

## Deeply 699

699 Are you done (9)

PEI Munian furrowed her brows and turned her body to the side without a trace. She said in a deep voice, I'm just reading some company documents. If you're tired, you can sleep first. I'll go to the study.

"You're looking at documents again? We've already agreed that you'll have a good rest tonight, and we'll talk about work tomorrow!"

Su Wanwan closed the laptop on PEI Munian's knees without any explanation and placed it on the bedside table. Then, she leaned on PEI Munian's chest and looked up at him. niannian, let's sleep? "

PEI Munian lowered her eyes and looked up and down. Su Wanwan's fair and soft skin was half-exposed, and just like that, it appeared in front of him. His body was already burning hot. In an instant, he felt the heat Rush to his head. His eyes darkened and he quickly looked away.

After that, his hand held su Wanwan's shoulder and wanted to push her away, but su Wanwan exclaimed, " niannian, your hand is so hot!

Su Wanwan's eyes widened and her hand also stretched out. She touched his forehead and cheeks with both hands. your forehead is also hot.

As she said this, her hand moved down and fumbled all over his body. you're hot too. Do you have a fever? "

PEI Munian was already feeling uncomfortable from suppressing it. Su Wanwan touched her all over again and PEI Munian suddenly felt like she was in a volcano. Her whole body was burning and her blood was boiling, ready to move.

His hand grabbed su Wan's wrist. He originally wanted to push her hand away, but he didn't know why. Not only did he not push her away, but he pulled her closer instead.

Su Wanwan's beautiful eyes widened and a trace of surprise flashed in the bottom of her eyes. Her eyes were clear and her face was innocent. niannian, what's wrong? " Are you really not feeling well?"

Beads of sweat seeped out of his forehead and slid down his face. PEI Munian's breathing became heavier and her voice became hoarse. Wanwan, what soup did you give me? "

it's, it's just a soup with old fire to lower the heat. I wanted to lower the heat for you, but I didn't expect you to burn up. Look at you, I told you not to work overnight. Now do you know your mistake? "

Su Wanwan pursed her lips and suppressed the curve that she wanted to raise. "Go to bed early tonight and cool down. It'll be fine."

"I'm cold, I'll let you hug me to lower your temperature!"

Su Wanwan's head directly stuck to PEI Munian's chest. She rubbed her cheek against her and said, " "How is it? Is it cooler?"

It's still cool? It was just short of burning.

Although the food she made today was warm, it was not so hot. After thinking about it, she felt that it was the soup that had a problem.

This woman couldn't have made him some kind of cow p \* NIS soup, right?

PEI Munian cursed inwardly and hurriedly said, " "No need, I'll just take a shower!"

PEI Munian struggled to get up, but su Wanwan took the opportunity to push him down on the bed and quickly wrapped her arms and legs around him tightly. no, the weather is getting cold. If you still take a cold shower, you'll catch a cold. Just sleep like this.

Su Wanwan's foot, intentionally or unintentionally, directly rubbed against a certain part of his lower body. PEI Munian's anger that was originally flowing everywhere in her body, all gathered at that place in an instant!

PEI Munian took a deep breath and closed her eyes.

Su Wanwan's arm wrapped around PEI Munian's thin waist, and her soft body was tightly pressed against his.
