Chapter 70 Why did you help her?(2)

Su Zhenhua furrowed his eyebrows with a trace of displeasure. He didn't expect su Wanwan to actually dare to bargain with him.

Su Wanwan's back stiffened, and her black eyes stared at Su Zhenhua. Even if she was afraid, she was unwilling to back down. After all, if she backed down now, she would really become a tool for Grandpa to please PEI Munian.

Even though she didn't want to use such words to describe herself, it was the truth.

The two of them were in a deadlock for a while. Su Zhenhua's brows furrowed even more. Although he was extremely displeased, he knew in his heart that this granddaughter of his could be persuaded by reason but not cowed by force. If he forced her, it would only have the opposite effect.

Su Zhenhua carefully weighed the gains and losses, and his expression slowly eased.

He tapped his finger on the armrest of the chair and said, " grandfather can promise you, but you have to promise that you will do what you said today. Otherwise, you will be suspended immediately!

Listening to Su Zhenhua's words, su Wanwan secretly heaved a sigh of relief, but she didn't dare to show it. She tensed her expression and whispered, " "Thank you, Grandpa."

—

Su Wanwan walked into her office, closed the door, locked it, and leaned against the door. Only then did she dare to let out a big sigh of relief.

For the past year, for the company and for the SU family, she had practically followed her grandfather's orders. She would do whatever he told her to do. She was like a doll with no consciousness or soul of her own.

At that time, she didn't care. Yingluo wouldn't be able to marry the man she loved in this life anyway.

If her marriage could help the SU family, then what did it matter who she married?

However, it was different now. She was married to PEI Munian. Even though he had treated her that way, even though he hated her so much, she still liked him and loved him without a backbone. Because of love, she couldn't stay by his side like this. Every time she saw his indifference, every time she saw his ridicule, every time she saw his humiliation, she felt as if a big piece of her heart had been cut away, and she was in so much pain that she wanted to die.

She didn't dare to expect him to like her, but at least she didn't want to be the dirty woman who schemed against him and seduced him forever in his heart.

Hence, she agreed to her grandfather's conditions to stabilize him for the time being. When the project developed well in the future, she would have the capital to speak up. By then, she would not be so passive and helpless.

—

Xiaomei called Xi Zhiwei and asked her out nearly ten times before she managed to meet her. However, she named her and asked su Wanwan to talk to her in person.

Su Wanwan wasn't surprised at all. When they were in school, Xi Zhiwei always liked to go against her. However, at that time, she was proud and arrogant. Besides PEI Munian, she didn't put anyone in her eyes. Even if Xi Zhiwei was her strong love rival, she still ignored her. Of course, occasionally, when Xi Zhiwei said some stupid words to provoke her, she would still reply with a few words. In the end, Xi Zhiwei had a glass heart and cried in anger. From then on, she held a grudge against her. At that time, it was also because of her that she found out about the matter that had struck her like a bolt from the blue.

Now, the tables had turned. It was her turn to ask for help. Xi Zhiwei would not let go of this opportunity easily.

If it was possible, su Wanwan really didn't want to deal with Xi Zhiwei. It was just that at present, Xi Zhiwei was indeed the most suitable spokesperson, so even if there was a Tiger in the mountain, she could only force her way in!
