Yu Jia lazily lifted her eyelids and swept a glance at su Wanwan. Her fingers rubbed her temples and slowly sat up straight. After taking a sip of water from the teacup, she opened her mouth and her voice was slightly hoarse, " why are you here? "

Su Wanwan lowered her eyes and looked at little Zeze in her arms. She kissed his forehead and replied: I brought him here to get a heads-up, and also to visit you and show some concern for you.

"Concerned about me?" Yu Jia's eyes were filled with doubt.

Su Wanwan nodded. I called you last night, but it was Dr. Xu who picked up. He also said that you were drunk. What's the situation? " Weren't you supposed to be with Gong yingyun yesterday?"

Su Wanwan's voice suddenly stopped and her eyes couldn't help but flash.

Yu Jia came to a sudden realization and then glared at su Wan angrily. I was still wondering how Gong Lingyu knew I was at the xxx club. In the end, it was you, this d * mn girl, who betrayed me!

Yu Jia raised her hand and slapped su Wanwan's arm without any restraint.

Su Wanwan repeatedly begged for mercy, " I'm just trying to let you guys resolve the conflict, right? I really think you two are a good match. If you don't fight for it, it'll be a pity if you miss it. "

"Fight for it?"

Yu Jia sneered. you have to have hope to fight for it. Fighting without hope is just asking for humiliation. I don't want to do this kind of thing again, so Wanwan, you don't have to do it anymore. It's too embarrassing."

Su Wanwan saw that Yu Jia's expression was not right. Her expression gradually became serious and her voice also lowered, " Yu Jia, did something happen between you and Lingyu last night? "

"It's fine. There's nothing between us!"

Yu Jia denied it without hesitation. Su Wanwan still wanted to ask something, but after hesitating, she didn't say anything.

The two of them quieted down. After about a minute, Yu Jia broke the silence with a smile as if nothing had happened. alright, let's not talk about me. What about you? " Have you given your PEI Munian any food to nourish her body? Is it effective?"

Speaking of this, su Wanwan was full of resentment. She angrily slammed the table and gritted her teeth, " "Yu Jia, I totally agree with what you said now. That bastard PEI Munian might really not make it, you know? I've already done so much, but he still didn't touch me. He could still bear it. Last night, he left me behind and would rather spend the night in the study room. I'm so angry!"

".....?"

Yu Jia looked at su Wanwan with sympathy. Wanwan, calm down, calm down.

“Calm down, my ass!” Su Wanwan was so angry that she didn’t hide her words, “ Yu Jia, I really don’t understand. Since he promised to start over with me, why is he unwilling to touch me? ” All normal men have desires, and we’re a legitimate husband and wife, so why did I take the initiative without caring about my reservations? Yingluo, am I that bad?”

Her self-confidence had been shattered by PEI Munian.

Yu Jia couldn’t understand it either. It was natural for a man to have sex with a woman, his wife. Like her patients, even if they were pregnant, their husbands sometimes couldn’t help it.

And PEI Munian is now at the age of being hot-blooded, like a Wolf and Tiger. If he doesn’t touch su Wanwan, it’s indeed a bit unreasonable.

Yu Jia thought for a while and said, “ according to what you’ve said, PEI Munian doesn’t seem to have a problem with her body. Could it be that you’ve taken too much initiative and scared him? ”
