716 Who slapped whose face (6)

Xi Zhiwei was having breakfast with Mrs. PEI when her phone rang. She picked it up and her expression changed.

Madam PEI looked up at her and saw the expression on her face. She couldn't help but ask, "What's wrong? Why do you look so pale?"

Xi Zhiwei's hand trembled and she subconsciously hid her phone behind her back. She shook her head and said, "no, nothing."

Xi Zhiwei's actions were becoming more and more suspicious. Mrs. PEI's eyes swept behind her, and then she put down the knife and fork. She took a napkin to wipe the corner of her lips and said, "Let me see your phone."

"Auntie, Yueyue."

"Give it to me," His tone was unquestionable.

Xi Zhiwei had no choice but to slowly hand the phone to Mrs. PEI. After she took it, she looked at the screen. Her eyes darkened bit by bit and were filled with anger.

She slammed her phone on the table and said in an extremely cold voice, "is what's written on this true?"

Xi Zhiwei lowered her eyes.

Mrs. PEI frowned in disbelief. haven't you and Munian always been fine? Last time, he even took you abroad and attended a cocktail party with you as husband and wife. How did he get involved with su Wanwan again? And what's with this child?"

Weibo's verified account posted a series of blurry photos. It was a photo of a family of three at an amusement park. Basically, the woman was dragging the man. At first glance, the man looked very unwilling. He had a cold expression the whole time. He only had a gentle expression when he was with the child.

The caption of the photo was, "using the Emperor to command the vassals."

Although he didn't mention any names, his words were full of sarcasm. He was implying that su Wanwan used the child to break up PEI Munian and Xi Zhiwei's marriage.

After the banquet that day, PEI Munian told Mrs. PEI that he would settle the matter between him and su Wanwan. Therefore, Mrs. PEI never asked about their Affairs again. She always thought that PEI Munian and Xi Zhiwei's relationship was normal and that they were not affected. She just wanted to wait until she officially divorced su Wanwan before reproposing the marriage. She did not expect that things would turn out like this!

Su Wanwan pestered PEI Munian and a child appeared!

"What exactly happened? tell me!"

Mrs. PEI was burning with anger. She glared at the child's blurry figure in the photo and her eyes darkened. su Wanwan and mu Nian, how did they have another child? "

As she spoke, she suddenly thought of something. could it be the child from a year ago? But didn't she get an abortion?"

Xi Zhiwei's eyes were lowered and she remained silent. Mrs. PEI could not help but slam her palm on the table. Wei Wei, say something!

Xi Zhiwei raised her eyes timidly. Her eyes had turned red and she looked very pitiful. aunty, I didn't want to tell you so that you wouldn't be worried. I didn't expect you to see it. However, Auntie, it's not brother mu Nian's fault. It's just that sister Wanwan brought that child over and refused to get a divorce. Brother mu Nian only urged her to do so for the sake of the child."

Before Xi Zhiwei could finish her sentence, Mrs. PEI interrupted her. you mean that the child is really Munian's child and the PEI family's child? "

Xi Zhiwei's eyes flickered but she did not answer directly. Instead, she said, Auntie, sister Wanwan left for a year. No one knows what happened in that year, but Hanhan did abort the child.
