It was Mrs. PEI.

She knew that if she wanted to be with PEI Munian again, she would have to face her parents, especially Mrs. PEI. She had already seen Mrs. PEI's hostility towards her at the party.

Initially, she wanted to visit Mr. And Mrs. PEI after her relationship with PEI Munian had made some progress. She did not expect PEI Munian to call her first!

Su Wan cleared her throat, took a deep breath, and then pressed the answer button, " Hello.

A few minutes later, su Wanwan hung up the phone. The words that Mrs. PEI said to her just now still lingered in her ears. Mrs. PEI knew about the child. She didn't scold her and only said that she wanted to see her and her child.

Mrs. PEI was so calm, it must be because of the child, right? She had wanted to hold a grandson for a long time. She still remembered that she had been exceptionally happy when she had an accidental pregnancy a year ago. Even if she had been dissatisfied with her at the beginning, she had been able to tolerate it.

It's just that Xiao zexue, he's ...

Su Wanwan looked at the child beside her and frowned. She originally only planned to use him as an excuse to stay by PEI Munian's side to buy her some time so that she could move PEI Munian. But now, Mrs. PEI also knew of his existence.

The more people knew, the more likely Xiao Zeze's true identity would be exposed. How was she going to explain Xiao Zeze's identity to Mrs. PEI in the future?

No, it's better not to let Mrs. PEI see Xiao Zeze, right? Should she think of an excuse to fool him?

Someone suddenly knocked on the bedroom door and su Wanwan returned to her senses. come in!

Aunt Wu pushed the door open and walked towards su Wanwan. young Madam, the old mansion sent a car over. They said they're here to pick you up.

Su Wanwan's eyes sank slightly. Mrs. PEI came prepared. It seemed that she couldn't avoid it.

Su Wanwan could only nod. okay, I'll go down after I change my clothes.

After aunt Wu left the room, su Wanwan picked up little Zeze and kissed his little face. She said softly, " little ze ze, I'm sorry. I have to bring you along this time, or else Mrs. PEI will suspect something. Otherwise, everything I've done before will be in vain.

With Mrs. PEI's love for children, if she could like little ze ze, she probably would not stop her and PEI Munian. Although she did not want to make use of little ze ze anymore, she could only take things step by step in the current situation!

Su Wanwan chose a dignified lady's suit. After putting it on, she put on light makeup and also changed Xiao Zeze into a handsome little suit. She carried him downstairs.

There was already a car waiting at the door. Su Wanwan walked out with Xiao Zeze in her arms. The driver of the old house greeted her respectfully and opened the door of the back seat.

Su Wanwan bent down and sat inside.

After the driver shut the door, he returned to the driver's seat, started the car, and drove away from the villa.

The distance wasn't close. Perhaps it was because she was nervous, but she felt that she had reached the old house in the blink of an eye. The car drove into the old house's Gate. Su Wanwan watched as the main house got closer and closer, and her heart beat faster and faster.

The moment the car stopped, su Wan's heart also seemed to skip a beat. Then, the driver got out of the car and opened the door for her.

Su Wanwan took two deep breaths and got out of the car. Butler Xi came out of the house and immediately came up to her. miss su, you're here. Madam is waiting for you.

Although su Wanwan didn't like her calling her miss su, she also knew that it wasn't the time to correct her. She only nodded lightly and stepped into the main house.
