Mrs. PEI's voice was soft, but there was a hint of sharpness in her words. Su Wanwan's expression was a little stiff, but she quickly covered it up. I was just a little surprised.

you've given birth to a child for the PEI family, so I won't mistreat you. Since you haven't divorced Munian, you're my daughter-in-law and the young Madam of the PEI family. This child has to acknowledge her roots and ancestors, right? "

Su Wanwan lowered her eyes and subconsciously held the child in her arms tightly. Her red lips opened slightly, " Thank you, Mom, for being willing to fulfill our wish.

this child has not been by my side since he was born. Today is the first time I've seen him. He looks a lot like you, but not like mu Nian. Mrs. PEI lazily swept her eyes over Xiao Zeze and her gaze returned to su Wanwan. what do you think? "

"He's still young, how can you tell who he looks like? But he's very clingy. Blood is thicker than water, it's in his nature."

Mrs. PEI curled her lips and looked at su Wanwan's calm face. A touch of ruthlessness flashed in her eyes very quickly. She no longer said anything but faced the crowd and raised her voice a little, saying, " Everyone, please look at this for now."

Everyone's attention was focused on Mrs. PEI and su Wanwan.

Mrs. PEI looked at the child with a smile and continued, " I've already introduced this child to everyone just now. This is the first time I've seen this child since he was born. I'm sorry that I only found out about his existence now, so I want to give him a gift to make up for the time I've lost.

Present?

Su Wanwan couldn't help but look at Mrs. PEI. From the time she saw Xiao Zeze until now, she didn't mention that she wanted to hug him and didn't reveal how much she liked him, but now she wanted to give him a gift?

Could it be that she was really overthinking things? did Mrs. PEI really accept her and Xiao Ze?

everyone, please bear witness to the precious gift I'm giving my grandson.

As soon as Mrs. PEI's voice fell, Butler Xi handed a leather bag to Mrs. PEI. A lady who often played Mahjong with Mrs. PEI saw the leather bag and guessed that there were documents inside. She couldn't help but say, " "Mrs. PEI, this child is still so young, and you're already prepared to give him shares? You dote on him too much."

"He's my grandson, of course I have to dote on him."

Mrs. PEI lifted the kraft paper bag, opened the seal, and took out the things inside bit by bit.

PEI Munian had received a call from her father the day before yesterday, saying that there were some matters in America that he needed to settle. After PEI Munian agreed, she pressed the internal line and asked assistant Wu to book the plane tickets.

Assistant Wu hesitated.

PEI Munian's slender fingers tapped on the table. what's the problem? "

Assistant Wu pondered for a while and said in a low voice, " there's no problem. I just think it's a little strange.

"Strange?"

"Yes, boss PEI. Don't you already know about what happened on Weibo? The old man called at this time without saying anything and even asked you to go to the United States on a business trip. Don't you think something is wrong?"

PEI Munian curled her lips and said lazily, " what's wrong? Since something has happened, we need to deal with it. Book two plane tickets and we'll go together."

Assistant Wu was about to say something, but in the end, she swallowed her words. I understand.

After ending the call, PEI Munian leaned back in her chair and closed her eyes. Then, she picked up her phone and made a call.
