722 Who slapped whose face (12)

Su Wanwan's child wasn't PEI Munian's child, so it wasn't the PEI family's child. Yet, she carried a bastard child to impersonate and tried to deceive the PEI family? Wasn't this behavior too vile and shameless?

Although there have been a lot of these dirty things in the rich and powerful families, it was really the first time they had seen someone as brazen as su Wanwan.

Everyone remembered how confident and arrogant she was at the banquet that day. She mocked and ridiculed Xi Zhiwei, who was supposed to be engaged to PEI Munian, and did not hold back at all. They had thought that she had a strong backing, but it turned out that she was relying on a bastard? It was extremely laughable.

Ridicule, cold, and angry eyes all looked at su Wanwan. Those socialites who didn't like su Wanwan in the past naturally wouldn't let go of this good opportunity to ridicule su Wanwan. They directly opened their mouths to her, " su Wanwan, you're also good. In the past, your grandfather liked to sell you to those rich young men everywhere and seek benefits for your SU group. Now that your grandfather is dead, you should learn from him. No, you're even better than him, you're a bastard. You even dared to use it to deceive people. You even thought that if the PEI family acknowledged this bastard and treated him as the heir, you could continue to be young Madam PEI? Do you think others are fools?"

Su Wanwan's eyes turned cold and her sharp eyes shot at that woman like a knife. you can say what you want about me, but you're not allowed to say anything about my grandfather!

The dead had already passed away, so no matter what, they should give him the least amount of respect!

That woman was shocked by su Wan's gaze and subconsciously closed her mouth. The next second, she flew into a rage out of humiliation and took a step forward. su Wan, you actually dare to be so arrogant now?

She raised her hand and pushed su Wanwan hard. Because su Wanwan had to take care of little Zeze in her arms, she was pushed by her shoulder. Her footsteps staggered back and she fell to the ground.

Xiao Ze ze, who was in his arms, seemed to be surprised and started crying.

Su Wanwan couldn't care about the pain and coaxed him with heartache, " little ze ze, be good. Don't be afraid, don't be afraid.

Everyone was watching from the side, full of gloating. That woman was even more proud of herself. She looked down at su Wanwan from above, as if she was looking at a clown.

Xiao Zeze cried louder and louder and couldn't be coaxed no matter what. Su Wanwan could only look at Mrs. PEI and pleaded in a low voice, " I'll give you an explanation about the child, but can I take little Zeze away first? the child is innocent.

Before Mrs. PEI could say anything, a voice came from behind her. of course you can. The child has nothing to do with the adults 'mistakes. Everyone, please don't say anything about the child.

Xi Zhiwei, who had arrived at some point in time, walked out from behind Mrs. PEI. She walked in front of su Wanwan. Her black eyes lowered and fell on her slightly pale face. The corners of her lips curled up without a trace.

She squatted down and her eyes were level with su Wanwan's. Her voice was gentle and tolerant. sister Wanwan, I know that you're using unscrupulous means because you love brother Nian too much. But a fake can't become real, right? "

you're using the child to force brother mu Nian to stay by your side. If he's unhappy, you'll have to live in fear every day. It'll be so tiring. A marriage that you've deceived won't last long. You might as well let go.

As Xi Zhiwei spoke, she slowly reached out her hand to su Wanwan. don't worry, I'll talk to brother mu Nian and ask him not to pursue your responsibility anymore. You two can part on good terms.
