736 The courage to confess (8)

In this world, there were many ways to get love. He also used many ways to get su Wan's love. He once did his best to love her, protect her, cherish her. He never thought that in this life, he would do that for a woman. On su Wan, he did it to the extreme.

However, he realized that if a person did not love you, no matter what you did, she would not love you.

It was like this when she was in University, and it was like this when she got married. After her brain surgery, even if she had a short period of happiness, it disappeared when she remembered the past.

She had abandoned him three times!

As the saying goes, "no matter what, you can't do it three times. she had done it three times, and if it wasn't enough to make him give up, then he was really hopeless.

After su Wanwan left, he didn't go to look for her because he didn't want to force her anymore. He was also trying hard to learn to let go.

He once promised su Wanwan that he would let go. In the end, he couldn't resist the arrangement of fate and had to fulfill this promise.

For a year, there was no news from her. He was also not willing to listen to anything about her. He walked according to the trajectory of his life. Only then did he know that his life didn't have su Wan. At most, he would occasionally lose control and miss her. When he was hysterical, he missed her. When he was drunk, he missed her.

He didn't think it was a big deal.

When she wasn't around, it wasn't a big deal. But now that she was back, the life that he had finally calmed down began to ripple again.

It wasn't the first time he saw su Wan after she returned to the country at the party, but on the plane when she returned to the country.

When she carried the child onto the plane, she turned to the side and asked him to excuse himself. He inadvertently looked up and immediately saw her beautiful face and the child in her arms. He seemed to be looking at him with his big, round eyes.

PEI Munian was stunned. Then, when su Wanwan's eyes swept over, he reflexively lowered his head.

Su Wanwan's seat was in front of him. She sat down with the child in her arms and said thank you to the fat lady beside her. After the fat lady replied that she was welcome, she saw that the child was cute and praised the child, saying that the child was really handsome and looked like his mother.

Su Wanwan smiled until her eyebrows curved, but she said, "this isn't my son. He's my younger brother.

She had told a stranger that it was her younger brother's child, and on the night of the party, she had told him that it was his son. She had told him that she loved him and wanted to stay by his side.

PEI Munian thought that there was probably no woman in this world who was worse than su Wanwan. Again and again, she used his love to wantonly commit murder in his world.

However, at that time, he still had a glimmer of hope and asked assistant Wu to check if she had brought back other children.

He had been thinking about the results that assistant Wu had brought back for a week.

He didn't know what su Wanwan wanted to get from him, but he understood that the only thing that could be connected between them was their value.

Therefore, su Wanwan would only keep fighting for it if she couldn't get it. In this regard, she had always been a person with great perseverance.

As for him, the only way to get it was to keep pushing it away.
