Su Wanwan only looked at PEI Munian for three seconds before looking away in a panic. Her nails dug into her palm and she clenched her fists tightly, feeling pain.

She was unable to utter such a simple sentence. The little courage she had mustered up was like a deflated balloon that instantly deflated.

The words that were on the tip of her tongue were forcefully changed. niannian, my birthday is the day after tomorrow. Do you still remember? "

PEI Munian thought that she was going to say something mysterious. It turned out that she was thinking about her birthday. He curled his lips and ruffled her hair. is this what you meant by something important? "

"Of course, isn't my birthday important? I'm just afraid that Yingluo won't remember."

How could he not remember her birthday?

He would remember everything about her in his heart. It was not that he did not want to forget, but he could not.

PEI Munian restrained the emotions in her eyes and said, " "Now I know, so what? How do you want to celebrate? Or do you want a gift?"

Would he only know after being reminded?

Su Wanwan lowered her eyes and hid the disappointment that flashed in her eyes. Then, she raised the corners of her lips. Her hands wrapped around PEI Munian's neck and pulled him closer. She said word by word, " "The present I want is you."

PEI Munian raised her eyebrows.

Su Wanwan swallowed her saliva and continued: we've never had the chance to hold a wedding since we got married. It's always because of this and that reason, Wanwan. Can I have a wedding this time? "

Just let her delay a little longer and let her create some happy memories for herself. She did not want to have any regrets in her life forever. At least her marriage with PEI Munian would have a perfect ending.

"Wedding?"

PEI Munian's eyes darkened slightly, as if she had recalled some unpleasant memories. The gentleness in his eyes gradually faded. why did you think of this? "

every woman wants a wedding. I'm Yingluo.

Su Wanwan saw the sudden change in PEI Munian's expression and her tone couldn't help but become a little cautious. it's not a Grand and luxurious wedding. It's just a simple one. There's no need for guests and no need for those gorgeous wedding dresses. Just, just the two of us. We'll just go to Jesus and make an oath, okay? "

PEI Munian's expression slowly turned cold. She looked at her and remained silent.

It wasn't like he hadn't given her a wedding. The first time, when she told him that she wanted to live happily with him and give birth to his children, he had put down everything in the past to prepare for the wedding. In the end, he had found out that she had been secretly taking birth control pills. She wanted that wedding to announce it to the world.

The second time, he wanted to seize the happiness in front of him. He wanted to hold her hand and grow old with her. He had prepared a grand wedding for her in an attempt to win her back, but in the end, it became her weapon for revenge. He had been laughed at by everyone in front of him.

What did she want this time?

really? we only need a wedding without any guests or wedding dresses, just the two of us? "

Would she be satisfied with this?

"Yes."

Su Wan nodded her head. this is also my wish. You'll agree to it, right? "

PEI Munian's lips twitched, but there was no smile on her face. since it's your birthday wish, sure. Let's go to the church on your birthday.
