754 So, he loves her a lot (8)

Su Wanwan leaned over and kissed PEI Munian on the lips. She nodded and asked instead of answering, " what else can I do? "

As she spoke, she let go of his neck and pulled him up, then pushed him towards the desk. go to work quickly. Don't you have a lot of documents to read? Don't worry about me. "

He pushed PEI Munian a few steps and looked at her helplessly. alright, you can stay here if you want to. He ruffled her hair, smiled, and returned to his office.

Su Wanwan heaved a sigh of relief and sat back on the sofa.

The office quieted down. Only the sound of PEI Munian flipping through documents, signing her name, or typing on the computer could be heard. Occasionally, she would take a few phone calls. She did not rest much. He was indeed very busy.

However, it was no wonder that she was so busy managing such a big company. She was only a manager at the SU family's business before, but she was already so busy.

Su Wanwan unconsciously held her cheek and looked at the office. Her gaze was fixed on PEI Munian. Looking at his serious and focused side profile, su Wanwan's mind floated to the time when she was in University. She also accompanied PEI Munian to work like this. She could look at him from the side like a lovestruck fool.

It had been a long time since she had been by his side so quietly. Those days could be said to be peaceful.

If Wanwan really had the signed divorce agreement in the drawer, then at least she could confirm that PEI Munian had feelings for her and it wasn't just one-sided.

"Yes, I'm PEI Munian. Speak."

PEI Munian picked up a phone call that seemed to be discussing a collaboration. He got up from his chair and walked to the French window with his phone.

Su Wanwan's thoughts were interrupted by PEI Munian's voice. She came back to her senses and then saw that PEI Munian was on the phone with her back to the office. Her eyes suddenly lit up.

The opportunity had come!

Su Wanwan quickly got up from the sofa, bent her body, and walked past PEI Munian with very light steps. She approached the desk step by step and quickly squatted down after walking around the desk.

Su Wanwan's eyes stared at PEI Munian's back while she was on the phone. She reached out and touched the second drawer. When she was about to open it, PEI Munian inadvertently glanced at the sofa but did not see su Wanwan. He frowned and his eyes swept over.

Su Wanwan was shocked and reflexively stood up.

PEI Munian didn't expect su Wan to walk to the desk. She raised her eyebrows slightly, as if asking.

Su Wanwan subconsciously raised her hand and did a stretching exercise. She explained, "I'm a little tired from sitting here, so I'll stand up and walk around."

Su Wanwan waved her arms and twisted her waist.

PEI Munian's lips twitched. She retracted her gaze and continued to talk on the phone.

Su Wanwan pursed her lips and waited for a few seconds. Then, she put one hand on the table, bent down, and the other hand touched the drawer below and gently opened it.

Su Wanwan held her breath and reached out to take the letter. However, PEI Munian ended the call at this moment. He turned around and saw su Wanwan's strange posture. Wanwan, what are you doing?"

Su Wanwan's hand froze and she looked at PEI Munian in shock. The next second, she quickly pushed the drawer back. no, I didn't do anything!

PEI Munian kept her phone and walked over slowly.
