760 So, he loves her very much (14)

Back then, she had been too naive. She thought that a white lie would not matter and that PEI Munian would not be angry as long as she explained it to her and would tolerate her. Little did she know that PEI Munian loved her very much. The lie she had told was fatal.

She was always unknowingly hurting others viciously. These days, PEI Munian had been watching her use Xiao Zeze to force him to give in. He must have felt terrible.

No wonder PEI Munian was not close to him even though she treated him well. He almost never took the initiative to hug her and she did not see any fatherly love in his eyes.

She had always thought that it was because he didn't like her, so there was some estrangement between him and Xiao Zeze. It turned out that it was just because he knew that Xiao Zeze was a big lie, but he still had to face him.

I only know now how ridiculous my self-righteous explanations were. Su Wanwan tried her best to curve the corners of her lips, but she couldn't force out a smile. Lu Sheng, the reason niannian said she didn't love me was because he couldn't believe me, right? "

The cigarette between Lu Sheng's fingers, white smoke rose and blurred su Wanwan's face. Lu Sheng looked at her for a few seconds and sneered, " su Wanwan, what do you have that is worth mu Nian believing in you? How many times have you heartlessly abandoned him? Why? Do you really think that he's a dog raised by your family, that you can order him to come and go at your beck and call?"

"To be honest, I don't like you at all. No, I should say that I hate you very much. I really don't understand why Munian would like a woman like you. Zhiqian was the same back then. Sometimes, I really feel that you are worse than Xi Zhiwei. At least Xi Zhiwei still loves mu Nian wholeheartedly."

"Lu Sheng, darling."

Su Wanwan bit her lower lip hard. I've never, never abandoned PEI Munian. I don't admit this.

"You've never abandoned her? Su Wanwan, do you think I'm stupid or blind? When you were in college, you broke up with mu Nian on the second day of your relationship with her. What else did you say? Just playing around? A year ago, you left mu Nian alone in the church, accepted everyone's ridicule, ruthlessly aborted his child, and even sent him the abortion papers. Su Wan, from you, I can completely understand the saying "a woman's heart is the most vicious!"

Lu Sheng's words gradually became agitated. The way he looked at su Wanwan was as if he wanted to tear her apart.

"Lu Sheng, I can explain everything!"

"Don't talk to me about explaining. Do you want to write off the pain Munian suffered with just a few words?" Lu Sheng angrily interrupted su Wanwan's words. As long as he recalled the three years of PEI Munian's life and PEI Munian's appearance a year ago, he couldn't wait to break this woman's neck.

He suddenly stood up and grabbed su Wanwan's lapels, his voice fierce and harsh. su Wanwan, do you know how mu Nian got through this? In those three years, he was alive, but he was like a walking corpse. A year ago, he even lost the emotion of sadness. He couldn't even cry when he was sad. How painful must he be?"

Even if it was only a few words, the sadness and sorrow in su Wanwan's heart had already surged up like a tide, drowning her. Her eyes instantly turned red and tears involuntarily rolled down.

She had always thought that PEI Munian didn't love her. She didn't expect that this man, Yingluo, actually loved her very much.
