

Deeply 762

762 Force out his true heart (2)

She came back with red eyes and started to pack her luggage without a word. Oh my God, the young Madam wouldn't be leaving again, would she?

Aunt Wu thought about it and subconsciously grabbed su Wanwan's hand and advised, " young Madam, even if you and young master quarreled, you can't just run away from home. You can't solve anything by leaving. If young master gets stubborn, how many years will you two have to be apart? "

She had witnessed the young master's cold appearance. That year, the young master didn't mention su Wanwan at all. If su Wanwan didn't come back on her own accord, the young master would have probably married Xi Zhiwei by now.

"Young Madam, you've persisted for so long. Now that your relationship with young master has improved, you can't give up just because of a small setback, right? Sigh, if you want to blame someone, blame me. I shouldn't have bothered you to send the documents to young master. That way, you wouldn't have quarreled."

Listening to aunt Wu's long-winded speech, but every word and sentence was filled with concern, su Wanwan's heart couldn't help but surge with warmth. She held aunt Wu's hand and said softly, " "Auntie Wu, thank you. Don't worry, I'm not running away from home. I'm Hanhan."

She wanted to die before she could be reborn.

But she couldn't say anything to aunt Wu at this moment. Su Wanwan licked her dry lips and smiled: "Anyway, don't worry. Niannian and I will definitely work hard to walk to the end."

"Ah?" Aunt Wu looked at su Wanwan blankly. young Madam, what are you talking about? I don't understand. You mean you want to persist, right? Then why are you packing your luggage?"

Su Wanwan pursed her lips and withdrew her hand from aunt Wu's hand. She gently patted the back of aunt Wu's hand and only said, " "Don't worry, I don't plan on leaving without saying goodbye. I'll wait for niannian to come back."

The doubt in Wu Ju's eyes deepened.

Su Wanwan couldn't help but laugh. aunt Wu, I'll have to trouble you to help Xiao Zeze pack his luggage. young Madam Wanwan, you're even taking the young master away? "

"Yeah, I shouldn't have stayed here in the first place."

".....?"

—

When she came, she packed some simple clothes and came here. She did not expect that after living here for only one or two months, she and Xiao Zeze's things had unknowingly increased so much that the two boxes they brought with them could not be filled at all.

Su Wanwan looked at the things that were put in and couldn't help but shake her head. When she came here, she really planned to stay here for the rest of her life. Otherwise, she wouldn't have bought so many things back so unscrupulously and piled them up in the villa.

PEI Munian was watching from the side. What exactly did she feel?

It would be very annoying, right?

If it were her, she would also feel annoyed.

It was no wonder that he had chased her out every day during that period of time.

Su Wanwan lay paralyzed on the bed. When she thought of PEI Munian at that time, her heart couldn't help but ache.

He pretended to be indifferent to drive her away and tried his best to hide his feelings every day for fear of being seen through. She had experienced this feeling deeply before, so she could understand his feelings better.

She couldn't watch him continue like this. He shouldn't live like this for the rest of his life, so they had to end it.

The sound of a car driving in came from downstairs. Su Wanwan slowly sat up from the bed.

PEI Munian was back.

Su Wanwan tidied up her lapels and combed her hair. She got up, left the room, and went downstairs.
