Su Wanwan paused in place for two seconds. Seeing PEI Munian standing there expressionlessly, without the slightest fluctuation in her eyes, she bit her lip lightly and resolutely turned to go upstairs.

Su Wanwan ran up to the second floor. First, she went to the baby's room and carried Xiao Zeze out. Then, she asked aunt Wu to help her carry the luggage.

Aunt Wu worriedly looked at su Wan. young Madam, are you really leaving? " Don't be rash, you and young master should have a good talk."

"There's nothing to talk about. I've said everything I needed to say."

Indeed, she could still talk to PEI Munian about the misunderstanding from three years ago, or even a year ago. However, PEI Munian did not trust her. If she said these things, PEI Munian would only think that she was trying to exonerate herself with her flowery words and falsely accuse others.

Didn't she already experience it from Lu Sheng? Even Lu Sheng, an outsider, was unwilling to believe her, let alone PEI Munian, who was involved in the situation.

She did not want to leave either, but she was even more unwilling to stay here and let PEI Munian think that she had ulterior motives!

The problem between them could no longer be solved by a simple " I love you ". Words were too weak and powerless to help with the misunderstandings that had accumulated between them.

"Young Madam, Zhenzhen."

Aunt Wu called out, but when she saw the determination in su Wanwan's eyes, she swallowed her words of persuasion. She only sighed and got up to pick up her luggage.

Su Wanwan carried Xiao Zeze downstairs and aunt Wu followed behind her with her luggage.

When she walked to the top of the stairs, PEI Munian walked up to her. Su Wan's gaze subconsciously fell on his face and her footsteps also slowed down a little.

PEI Munian seemed to have glanced at her, but it also seemed like she didn't. She brushed past her, leaving only her cold back view.

Su Wanwan's footsteps suddenly stopped. In the end, she was somewhat unwilling. She turned around and shouted at PEI Munian's back: PEI Munian, I've already done my best. Are you sure that I can stop loving you? "

PEI Munian's footsteps did not stop at all. Her long legs entered the master bedroom and she slammed the door shut.

Su Wanwan bit her lower lip hard with her pearly white teeth. Her eyes were still red. Aunt Wu saw this and couldn't help but sigh deeply. She was fine in the morning. Why did the situation suddenly change at night? However, she really did not expect that young Madam would tell such a big lie to young master. It was only natural for young master to be angry, so she could not persuade him.

Su Wanwan raised her head and used all her strength to suppress her desire to cry. Then, she opened her mouth in a hoarse voice, "aunt Wu, let's go."

After aunt Wu sent Su Wanwan and Xiao Zeze out of the villa, Wu Xin said, "young Madam, I'll get old Wu to drive you home. It's getting late, it's not safe for you to bring young master along."

"It's okay, I've already called a car. Uncle Wu didn't fall and hurt himself today. Just let him rest."

"Yueyue, be careful on the road. I'll talk to young master when he's not angry anymore."

Su Wanwan's lips curved, her smile was bitter. "aunt Wu, please take good care of Niannian."

"I will,"

The taxi slowly drove over and stopped beside them.

Aunt Wu put the luggage in the back of the car. Su Wanwan opened the door and put Xiao Zeze in. Then, she subconsciously raised her head and looked in the direction of the master bedroom on the second floor.
