Su Wanwan looked at the lights and then looked at the door. There was no one there. Su Wanwan waited quietly for about a minute before she slowly got into the car and said to the driver, "Sir, let's start the car."

The car started and slowly drove away, disappearing into the twilight.

Auntie Wu stood still and watched the car leave. She turned around and looked up. She could vaguely see the curtains on the second floor moving slightly. Auntie Wu shook her head. As soon as she walked back into the villa, she heard a clear sound from upstairs, like the sound of a glass falling to the ground.

He was obviously reluctant to do so, but he had to suppress it.

Auntie Wu suddenly felt that perhaps it wasn't a bad thing that the young Madam had chosen to leave. How long could a false image supported by lies last?

Su Wanwan looked at the villa behind her getting further and further away. Her heart was like a mountain pressing down on her.

PEI Munian, this bastard, actually didn't chase after her and actually let her go like this. Su Wan's hand pounded on her heart. Thinking of PEI Munian's cold and heartless look just now, a touch of anger slipped through her eyes, and at the same time, a touch of sadness.

Although it was a huge bet, it was impossible for there to be no winner or loser. She had to win before she could be so determined.

Su Wanwan took Xiao Zeze into her arms, her fingers gently pinched his little face and said in a muffled voice, "little Zeze, do you think your sister or your brother-in-law will win this time?"

"But, he's a man, how can he be so petty? Wouldn't it be great to believe me one more time?"

Little ze ze seemed to feel su Wan's unhappiness. He opened his big eyes and looked at her. His small hand held her hand. Such a small strength, but it seemed to give her strength.

Su Wanwan curved her lips and chuckled. don't worry, little Zeze. Your sister isn't so easy to be defeated!

Su Wanwan came back with Xiao Zeze in the middle of the night. Nanny li was surprised. miss, why are you back? "Did young master PEI drive you back?" she asked worriedly after a pause.

"What do you mean? I came back on my own!"

"Ah?"

When su Wanwan left with Xiao Zeze, she clearly said with great ambition that she would settle PEI Munian. Why did she come back now?

I have my own reasons. Nanny li, don't worry.

Nanny li observed that su Wan's expression was still okay. Although her eyes were a little red, it was already very late and it was not good to say anything more. She could only nod, " well, then miss, I'll immediately go and clean up the room for you and the young master.

Su Wanwan simply washed up and lay on the big bed. She looked at the White ceiling. This was clearly the room she had slept in for more than twenty years, but at this time, she actually felt strange.

Su Wanwan turned left and right for a while, but she still couldn't find a comfortable sleeping position. In the end, she simply sat up.

She did not know how PEI Munian was doing now. Was she unable to sleep like her, or was it because she had finally chased her out of the villa and could finally sleep in peace?

Su Wanwan got out of bed and walked towards the balcony. The night wind was a bit cold and it blew on her body, giving her goosebumps. Su Wanwan leaned against the railing and stared at the phone in her hand. The phone screen was quiet and there was nothing!

Su Wanwan furrowed her eyebrows and bit her lower lip hard. She was thinking about whether she should send another text message to provoke PEI Munian when her phone suddenly rang.

Su Wanwan's eyes suddenly lit up!
