The SU family used to own a yacht. Later, because of the family's crisis, the yacht was sold. So today, su Wanwan rented a small yacht and went out to sea with Shen Ziwei.

Shen Ziwei was dressed in a light-colored shirt with a knitted shirt tied behind him. He matched it with a pair of casual pants and white sports shoes. He looked handsome and relaxed.

After su Wanwan saw his outfit, she almost whistled at him.

Brother Ziwei was even more handsome than he was in the past, and it was inevitable that his sister couldn't extricate herself from him at that time. Just like her, she had also fallen for PEI Munian's beauty and fell into his love trap.

Su Wanwan's Black eyes looked at Shen Ziwei and a light flashed in her eyes.

"Brother Ziwei, wait for me!" After saying this, su Wanwan quickly turned around and went back to her room. She opened the closet and took out a dress of the same color as Shen Ziwei's shirt. Then, she changed into it, tidied herself up in front of the mirror, and curved her lips into a smile.

When she stood next to brother Ziwei, they looked like a couple.

The two of them drove to the beach. After parking the car, Shen Ziwei and su Wanwan walked towards the dock together. As su Wanwan walked, she raised her eyes and looked around. However, only the yacht she rented was parked at the large dock.

No way, PEI Munian was really unmoved?

Before they knew it, the two of them had already walked to the yacht. Shen Ziwei called su Wanwan a few times, but she didn't respond. Shen Ziwei couldn't help but reach out and tap her forehead with his long finger. Wanwan, get on the yacht. Why are you in a daze? "

Board the ship?

Su Wanwan blinked and slowly regained her senses. Ah, yes, we're going on the boat. Let's go on the boat.

Although she said this, her eyes still scanned the surroundings, not giving up, trying to find some clues, but she didn't see anything. Su Wan's eyes darkened and her good mood suddenly dropped a few levels.

Did Xi Zhiwei not pass the message to PEI Munian? Or did PEI Munian not care that she was with another man?

Wasn't her risky move a little too exciting?

Su Wan got off the yacht and sat on the sofa on the deck, sulking. Shen Ziwei walked out of the cabin and glanced at Su Wan, who was sitting there with her arms around her knees like a withered flower. She raised her eyebrows.

Today's weather was warm and sunny, and the sea breeze was extremely comfortable. However, she was not happy when she came here.

Shen Ziwei walked to her side, sat down, and chuckled. Wanwan, are you upset about your probing? "

Su Wanwan looked at Shen Ziwei in surprise. When she saw his smile of understanding, she couldn't help but smile back. nothing can be hidden from your eyes.

"You were too obvious." Shen Ziwei lifted his head and faced the sun. He opened his mouth gently and asked, " do you think you'll be able to see him today? "

Su Wanwan gently bit her lower lip. A trace of uncertainty flashed in the bottom of her eyes, but it was quickly covered by a full of determination. She clenched her hands into fists. I believe he will definitely come.

Shen Ziwei gazed at the sea and nodded. yes, he's already here.
