Shen Ziwei and su Wanwan got into the car. Su Wanwan took out her phone and called PEI Munian. The beeping sound kept ringing in her ear, but no one picked up.

When Shen Ziwei looked at the right side mirror, he glanced at su Wanwan from the corner of his eye. Seeing her angry expression, a smile appeared in his eyes. PEI Munian isn't picking up the phone? "

"Yup,"

then you should be happy. He didn't pick up the phone, which means he doesn't want to divorce you.

Once again, the call ended automatically. Su Wanwan took the phone away from her ear and turned to look at Shen Ziwei. I know he doesn't want to divorce me, that's why I dared to ask for a divorce. I've tried everything and this is my last resort.

PEI Munian had the divorce agreement in her hands. If he really wanted to get a divorce, he would have done so a long time ago. However, he did not want to do so and was unwilling to believe her, which made her angry.

At least she had tried her best. He was not willing to take a step forward, but he was also not willing to let her walk over. They were in a stalemate. How long was this going to last? Someone had to break this situation.

"Aren't you afraid that he'll really agree to divorce you in a fit of anger?"

"If that's the case, then I'll marry you."

Shen Ziwei shook his head and laughed. He freed one hand and rubbed su Wanwan's hair. okay, if he doesn't know how to cherish it, then let him regret it.

The car arrived at the Civil Affairs Bureau. Su Wanwan unbuckled her seat belt and said to Shen Ziwei, "brother Ziwei, thank you. I'll take my leave now. Drive safely.

"Yes, go ahead."

After su Wanwan watched the car leave, she turned to face the Civil Affairs Bureau. PEI Munian really didn't come. She took out her phone and called him again. As usual, no one picked up. After hanging up, su Wanwan called aunt Wu again.

As soon as the call connected, su Wanwan didn't bother with small talk and asked directly, "aunt Wu, help me pass the phone to PEI Munian. I have something to say to him!

young Madam, young master didn't come home last night. He's not at home now.

He didn't come back last night? Could he have stayed on the cruise the entire night?

"Oh, I see. I know."

After su Wanwan hung up the phone, she thought for a while and called Lu Sheng's cell phone. It rang for a long time before the other side picked up. Lu Sheng's voice was lazy and carried a little anger, as if he was woken up in anger. who is it? "

Senior brother Lu, it's me, su Wanwan.

"Su, su Wanwan?" Lu Sheng paused for a moment, then continued, " "What's the matter now?"

"Where's PEI Munian? Is he with you?"

".....?"

Lu Sheng looked down at the man who was lying on the bed with a high fever. He thought that he really owed this couple in his previous life. you're with me, and you want to divorce him? "

Su Wanwan's words paused and she swallowed her saliva before slowly opening her mouth. PEI Munian told you? Did he see my message? Alright, I'm at the entrance of the Civil Affairs Bureau now. Tell him to come over quickly!"

"I'm afraid not now."

Su Wanwan's eyebrows furrowed. what do you mean? "

"He ran away last night."

Before Lu Sheng could finish his sentence, the man on the bed suddenly opened his eyes and grabbed his hand. The next second, the phone was snatched away by him. He said, " "I'm not in a good mood today, so I won't get a divorce!"

As soon as she finished speaking, PEI Munian hung up the phone and switched it off!
