793 Are you going to leave or not (5)

Lu Sheng was dumbfounded as he looked at PEI Munian's series of actions. His mouth was in an O-shape when he heard what she said.

She was in a bad mood and didn't want a divorce. Was there a more willful reason than this?

Lu Sheng couldn't help but give PEI Munian a thumbs up. brother, I'm impressed. Su Wanwan will probably be angered to death by you!

PEI Munian threw the phone back to Lu Sheng and said in a hoarse voice, " "You're not allowed to pick up su Wanwan's calls again!"

—

These few words passed into su Wan's ears through the phone. She almost didn't dare to believe what she heard. What did he mean by not being in a good mood today and not leaving?

Did he have to depend on his mood to get a divorce? Did he have to choose the weather and look for an auspicious day?

Su Wanwan was about to curse angrily when she heard a click sound in her ear. The phone was hung up. Su Wanwan quickly dialed back, but an ice-cold prompt came from the other side: The number you have dialed has been switched off.

Bastard, bastard, bastard! Su Wanwan stomped her feet on the ground in a frenzy!

After scolding PEI Munian a thousand and one times in her heart, su Wanwan let out a long sigh of relief and tried to calm herself down.

Alright, you're not in a good mood today, so you won't get a divorce? Then she would look for him tomorrow. She didn't believe that he would use this kind of lousy excuse to push her away every day!

Who knew that

The next day, su Wanwan called PEI Munian. He picked up, but this time, it was: "I don't want to move today, I won't leave."

On the third day, " the weather is bad. I'm not in the mood for a divorce.

On the fourth day, " I'm busy with work, so I won't leave!

".....?"

Even if uncle could endure it, aunt couldn't!

If he could have come up with a better excuse, she wouldn't be so angry. What kind of nonsense was this? was it so difficult for him to admit that he cared about her and didn't want a divorce?

He could not continue to Bluff his way through like this!

Su Wanwan went out of the SU residence and took a taxi to PEI group. After arriving, she paid the fare and rushed in aggressively.

Assistant Wu saw su Wan walking over in high heels from a distance. Her whole body was mixed with thick anger. He was shocked and quickly reached out to stop su Wanwan. young, young Madam, you, how come you have time to come? ”

Su Wanwan’s chin pointed at the office behind him. PEI Munian is inside, right? I’ll come and find him! young Madam, boss PEI is meeting an important guest. Why don’t you come again next time? ”

don’t give me that. You said the same thing the last time I was here, and you said the same thing the time before that. Anyway, I must see PEI Munian today!

Su Wanwan lifted her feet and forced her way in. Assistant Wu was forced to step back by her and couldn’t help but cry. young Madam, I didn’t lie to you this time. Boss PEI is really busy!

“Move!” He shouted.

Su Wanwan raised her hand and pushed assistant Wu to the side. She walked forward, twisted the door lock without hesitation, and pushed open the office door. PEI Munian, I want to have a chat with you.

The people in the office swept their eyes at her. Su Wan looked over and saw several people sitting on the sofa. Even father PEI was sitting there, looking at her with a heavy gaze.

“.....?”

The word ‘divorce’ was stuck in her throat.

PEI Munian didn’t expect su Wanwan to suddenly barge in. His eyes narrowed and he subconsciously glanced at his father. Then, he immediately walked over, grabbed her arm, and took her out.

Once they were out of the office, PEI Munian threw her to assistant Wu and said in a deep voice, ” “Look after her!”
