Only then did su Wanwan remember that she had pretended to have a stomachache to trick him into coming to eat. She furrowed her eyebrows and her eyes revealed a painful expression. Her hand also followed and covered her stomach. She hurriedly interrupted PEI Munian, " who, who said it wasn't uncomfortable? I, I'm going to the bathroom.

She stood up and walked slowly to the bathroom in the private room.

PEI Munian lowered her eyes and stared at the red liquid in the crystal glass. The corners of her lips curled up slightly.

Maybe he was quite excessive. He couldn't believe su Wanwan's feelings, but he was always unwilling to let go of the divorce. But seeing her put in so much effort to revolve around him every day, he felt happy.

Yes, the happiness he wanted was actually very, very simple, but such a simple happiness could only be held in his hands carefully.

So, he would rather hold on to her like this than let go.

Su Wanwan's phone on the table suddenly rang. PEI Munian raised her eyes and looked over. Su Wanwan was still in the bathroom and had not appeared. He reached out and picked up the phone.

The three words " brother Ziwei " flashed on the screen. PEI Munian couldn't stop the image of su Wanwan and Shen Ziwei being intimate at the banquet from that day from surfacing in her mind. There were also scenes of su Wanwan telling Shen Ziwei to get married. His eyes sank and he pressed the power button without hesitation! He threw it back into su Wanwan's bag.

When su Wanwan came out, the waiter had already started to serve the dishes. PEI Munian ordered all the dishes on the menu. After the dishes were served, the entire table was filled with dishes.

PEI Munian lifted her chin at her. eat.

".....?"Did PEI Munian want her to eat so that she could stop talking?

Su Wanwan's lips moved. She wanted to continue the topic just now, but PEI Munian seemed to know what she wanted to say and lazily added, " leave immediately if you don't eat.

Su Wanwan took two deep breaths and suppressed the anger in her heart. She picked up the chopsticks, picked up a dish, put it in her mouth, and chewed hard, as if the dish was him.

An imperceptible smile flashed across PEI Munian's eyes. Then, she picked up her chopsticks and started eating slowly.

After the meal, PEI Munian didn't give su Wanwan a chance to speak. She directly signed the bill and lifted her feet to walk outside. Su Wanwan was also angry. She quickly chased after her, grabbed PEI Munian's arm, and pushed him against the wall.

She looked at him and gritted her teeth. PEI Munian, I don't want to continue like this. Even if you're not tired, I'm tired. I'll ask you one last time. Are you willing to accept me? You have to trust me and love me from the bottom of your heart. Otherwise, I don't want to spend my entire life with a man who doesn't love or trust me. If you don't love me, then let me go. You don't care if I'm with another man anyway!"

At the end, su Wanwan's tone was almost self-deprecating.

Set her free?

Then who would let him go?

Who knew if she was really retreating to advance by being so aggressive?

It wasn't that he didn't want to believe her, but he couldn't trust her anymore.

PEI Munian's eyes were still distant and indifferent, almost without any warmth. su Wan, didn't I already accept you before? You're the one who wanted to leave."

Had he accepted her before?

Was he referring to the so-called hot and cold acceptance?

Who wants that kind of acceptance? The kind that no matter how well he treated her, she would not feel any love from him.
