That ring was the one PEI Munian had given her on her birthday when they had their wedding in the church. It was the diamond ring she had seen in PEI Munian's drawer.

It was not very luxurious, but she liked it for some reason. It was only later that she found out from Lu Sheng that PEI Munian had spent almost all of his savings to buy that diamond ring for her when they were in University. He had wanted to propose to her, but she had broken up with him first, so he could not give it to her. In the three years that they had been separated, he had been wearing this ring around his neck.

After she left the villa, she took off the ring and put on a necklace around her neck. She was waiting for the day when PEI Munian would put this ring on her sincerely and return to his original heart, their original pure love.

But where did Yingying go?

Su Wanwan was busy searching in the pile of clothes she had taken off but couldn't find it. She put on a bathrobe, walked out of the bathroom, picked up the bag on the bed, and poured out everything in the bag, but she still didn't find it.

Strange, she had touched it in the morning. How did it disappear?

Su Wanwan furrowed her eyebrows and thought for a while. She suddenly remembered that when she went skiing in the morning, because she had to change into her ski suit and wear a scarf hat to keep warm, she was afraid that she would accidentally lose it while skiing, so she seemed to have taken it off and put it in the cabinet over there.

Really, how could he forget such an important thing? su Wanwan couldn't help but Pat her head. She had to hurry and take a look. She couldn't really lose it.

She returned to the bathroom and put on her clothes. Then, she tied her hair into a ponytail, put on a furry hat, and went out with her bag.

After Shen Ziwei sent Mr. Jin back, he returned to the hotel. He estimated that su Wanwan had taken a comfortable bath and was feeling better, so he came to her room to find her to have dinner together.

Shen Ziwei knocked on su Wanwan's door for a long time, but no one answered. He frowned. Could she have fallen asleep from exhaustion?

He took out his phone and called su Wanwan. The phone rang in the room, but no one picked up.

That's strange. Su Wanwan isn't in the room? Didn't you bring your phone? Then where did she go?

Shen Ziwei took the elevator to the lobby on the first floor and walked to the front desk. He said to the lady, "Hello, have you seen miss su in Room 1208? Or did she leave any message?"

"Miss su from Room 1208? Alright, Sir. Please wait a moment, I'll check it for you."

The lady at the front desk checked and shook her head. I'm sorry, Sir. This miss su didn't leave any message behind. I'll help you ask our lobby manager now and see if he has noticed miss su. Do you have her picture? "

"There are."

Shen Ziwei took out his phone, opened his photo album, and handed the photo over.

The lobby manager looked at the phone for a while, pondered for a few seconds, and nodded. Oh, yes. This lady left the hotel about 20 minutes ago.

He went out?

"Did she say where she was going?"

she didn't say, but she did ask when the ski resort would close.

Could she have gone up the mountain?

Shen Ziwei suddenly thought of something, and his eyes turned cold. Not good, the astronomical forecast said that there would be a huge storm tonight, and it was forbidden to go up the mountain!
