Chapter 81 Who do you think I am (1)

PEI Munian was silent for a long time before she slowly opened her mouth. we're already married.

They were already married. No matter why she married him, since he couldn't let go of her and still loved her, he could only let go of the past and let go of his hatred. He didn't want to go further and further away from her. He just wanted to slowly walk into her heart.

Lu Sheng naturally understood PEI Munian's meaning. He sighed softly. He hoped that su Wanwan could see his true heart.

—

A week later, su Wanwan and Ji Xinxin officially signed the contract. Ji Xinxin became the spokesperson of the new product. After both parties signed the contract, su Wanwan stood up and shook hands with Ji Xinxin.

"Miss Ji, thank you."

Ji Xinxin smiled elegantly. you're welcome. It's just a win-win situation.

Su Wanwan looked at Ji Xinxin. She wanted to say something but hesitated. She asked the question that had been bothering her for a long time, " miss Ji, may I ask why you were willing to lower your requirements to endorse our company? "

Ji Xinxin did not seem surprised by her question. She raised her eyebrows and a smile bloomed on her beautiful face. She then shrugged and replied nonchalantly, " Oh, I've been a little bored recently, so I'm looking for something to do. Do you have to ask for something? " I don't lack money, why do I have such high requirements?"

".....?"

this reason was really random. to think that she had racked her brain for so long.

"It's alright, I'm leaving."

Ji Xinxin took the sunglasses from her assistant and put them on. Then, she strutted away gracefully in her high heels.

Xiao Mei, who was standing at the side, stared at Ji Xinxin's back like a lovestruck girl. She could not help but exclaim, " the Queen is indeed the Queen. Every move of hers is so moving. You can't tell that she's married at all. Her son is even three years old. How does she take care of herself?!

Su Wanwan looked at Xiao Mei's appearance and couldn't help but shake her head and chuckled. She tapped her forehead and said, " stop gossiping and focus on your work. The contract has been signed, so write the report as soon as possible and hand it to the finance department. Ask them to allocate the funds and transfer the endorsement fees to Ji Xinxin's studio account.

"Understood!"

Xiaomei made a salute, then took the contract and walked out of the meeting room valiantly. Su Wanwan's lips couldn't help but rise.

With Ji Xinxin's endorsement, the project this time could very well be the company's comeback. If they were lucky, the company could rise again with this project.

In that case, there was no need for her and PEI Munian to have such a beneficial relationship. She did not have to be so humble and unable to lift her head in front of him.

Su Wanwan slowly walked to the floor-to-ceiling window. She looked out of the window. The sun was shining brightly outside the window. The sky was clear and cloudless. It was blue. She gently closed her eyes, as if the road ahead was just like this, bright.

However, she never expected that in just one day, all the light in front of her was shrouded in darkness, and it was still a lingering darkness.

—

In the past month, the PEI family had sent three sums of money to the SU family. This money should have been enough to last three to four months, but when Xiaomei went to the finance department to pay for the endorsement fee, she was told that there was no more money in the company's account to pay for it.

Xiaomei came back with a bitter face to report. Su Wanwan sat on the chair and almost thought she heard wrong.
