Wanwan, it wasn't that I didn't believe you at that time. It was more like I was afraid. The man's voice slowly and clearly entered her ears in this noisy night.

Her heart trembled. Afraid?

afraid that I can't truly trust you, afraid that you're plotting something again, afraid that you're no longer by my side when I open my eyes, and afraid that I'll hurt you, Yingluo.

The seed of suspicion was buried deep in his heart. Even though he tried his best to ignore it, it would always come out uncontrollably from time to time. Once he began to suspect her, he would subconsciously be cold to her.

Every time he saw a flash of sadness in her eyes, or when she tried to hide her injury in front of him, he felt bad, very bad.

That night, she had told him to either accept her, to accept her from the bottom of his heart, to trust her, or to let her go!

She walked in front of him, and he saw her deliberately slow down her pace. He saw her hand reaching behind her, and he knew that she wanted him to grab her and say, " Don't go.

He knew everything, but he didn't have the confidence to catch her, so he started to consider whether he should let her go.

Wanwan, I've seriously considered it. If I can't give you what you want, then I'll let you go. But Yingluo."

PEI Munian pursed her lips and a look of helplessness appeared on her face. I could watch you get on the plane and leave with Shen Ziwei. I could control myself not to ask you to stay, but I couldn't control myself not to chase after you.

Love itself was like this. She clearly knew that she shouldn't, but she still did it.

"So what if they chase us? You're just giving me hope, but you're also disappointing me." Su Wanwan mumbled, " it's better if you didn't come. At least, we wouldn't be trapped here together and might freeze to death soon.

As soon as her words fell, there was the sound of something being overturned outside the house, making a huge sound. Su Wan's body couldn't help but shiver again. I reckon this house can't hold on for long. You'll be free soon. If the house falls down later, don't worry about me. You can go by yourself.

"Since I'm here, I won't leave again."

PEI Munian's big palm gently caressed su Wanwan's cheek and smiled. "The moment I heard that you were trapped on the mountain, all the entanglement in my mind and all the pain disappeared. There was only one thought left. Su Wan, you can't die. You absolutely can't."

In the face of life and death, everything else became insignificant. He had once thought that it was difficult to let go, that it was impossible to let go, but he had let go so easily.

so Wanwan, let's live happily together. We'll get back all the time we've missed and turn all the pain into sweetness and happiness.

Su Wanwan looked at PEI Munian in a daze. The light at the bottom of her eyes trembled and flickered. The corners of her lips unconsciously rose. really, really, really? " Niannian, do you really think so? You're willing, willing to accept me?"

well, you've been chasing me for so long. I should stop. What if you get tired and give up? "

"You're worried too?" Su Wanwan reproached and laughed. However, once the heaviness in her heart was put down, she only felt that her whole body was extremely tired and her voice weakened. niannian, I also hope that we can live happily.
