831 A strange phone call (1)

Su Wanwan listened to the sound of the footsteps gradually drifting away. The anger in her eyes did not decrease but increased instead. She bit her lower lip hard with her pearly white teeth. She told him to leave, but he actually really left? Did he really leave her here alone?

Bastard! To think that she was reluctant to beat him up just now!

Su Wanwan forcefully lifted the quilt and wanted to rush over and punch him a few times. However, as soon as the quilt was lifted, a hand suddenly appeared in front of her eyes. The next second, the hand that clenched the fist loosened and a silver chain fell out of the palm.

The silver chain was fastened with a ring. It slipped from the top and was clearly imprinted in su Wanwan's eyes.

Su Wanwan was stunned. Her long, curly eyelashes trembled. She blinked her big eyes and stared at the ring for more than a minute before she reacted.

"Why is Yingluo with you?"

"I'm going to look for her," PEI Munian said with a smile.

He found her? Su Wanwan's Black eyes stared at PEI Munian in a daze and her voice was a little incredulous. brother Ziwei said that you went out for a while because you had something to do. You went out to look for this ring? You haven't fully recovered yet, so how could you go up the mountain?"

"Didn't you almost get into an accident while looking for this ring? Naturally, I'll help you find it first." PEI Munian explained casually, " don't worry, I got someone to find it.

In fact, she had been talking about the ring while she was unconscious, so as soon as he could get out of bed, he forced himself to go up the mountain. He almost searched the entire ski area and finally found the ring she had dropped in a corner.

PEI Munian lifted su Wanwan's hand and placed the silver chain and ring in her palm. Then, he closed her hand and wrapped her with his big palm. He said gently, " Wanwan, in the future, you're not allowed to get hurt because of such things. If you throw it away, so be it. Do you understand? "

"What do you mean by this? This is the first ring you bought for me and the first time you wanted to propose to me. It's very important that you always have it with you, okay?"

Su Wanwan retorted discontentedly, " if I lose it, I'll definitely find it back, but I won't lose it again in the future.

As she spoke, she looked up at PEI Munian and said in a low voice, " "You know what? "When I realized that I had lost it, it was as if I had lost our relationship. It was a sign of something. I was very scared, so I went to find it. See, I found you."

PEI Munian's big palm caressed su Wanwan's face. Her eyebrows were filled with gentleness. Her eyes were like the deep sea, looking at her as if she wanted to drown her whole body.

He said in a low voice, " silly.

She didn't need to look for him because he would stay in the same place and wait for her because he had long been imprisoned by her and couldn't break free.

PEI Munian held su Wanwan's hand and kissed her palm.

"There's more,"

Su Wanwan squinted her eyes and smiled until her eyebrows curved. I hope that one day, when you accept me wholeheartedly, you can put this ring on me.

As su Wanwan spoke, her eyes were fixed on PEI Munian, the hint was extremely obvious.

This woman, Yingluo, still didn't know how to spell the word reserved, but he liked her straightforwardness and shamelessness.

However, PEI Munian furrowed her brows. Her eyes were filled with conflict and hesitation, and she did not move for a long time.

Su Wanwan blinked her eyes. PEI Munian couldn't be running away again, right?

Wanwan, I don't think Wanwan can put this ring on you right now, Wanwan.
