833 A strange phone call (3)

PEI Munian pressed her forehead against su Wanwan's and smiled. I should be the one saying this. If there's danger in the future, you should hide far away and not block me. I'm a man. It's only natural for me to protect the woman I love.

"No, it's only natural for me to protect the man I love." Su Wanwan held her head high, not willing to admit defeat at all.

"Silly!" PEI Munian sighed and rubbed her nose against hers. All the love was in silence. Su Wanwan also laughed. mm, you're a fool too.

They were both fools of love, and they were willing to be a pair of fools.

—

PEI Munian's physical condition was good and the degree of frostbite was lighter than su Wanwan's, so he recovered very quickly. Su Wanwan's condition was more serious and she had been lying in bed to recuperate. She almost didn't get out of bed for more than half a month. Fortunately, PEI Munian had been accompanying her and it wasn't too boring. However, she looked at her frozen hands and feet every day and couldn't help but worry. niannian, what if there are scars on my body?"

PEI Munian, who was sitting at the side, was peeling an Apple. When she heard her, she raised her eyes and smiled."It won't happen. Didn't you hear what the doctor said? Be careful, it won't leave a scar."

but the doctor can't be sure. There might be a scar.

Su Wanwan frowned and looked at her calf. There was a large trace of frostbites there, and there was also a large wound on her back where she was hit.

"If there's a scar, I won't be able to wear backless dresses or bikinis in the future!"

PEI Munian, who was peeling the skin, paused. She glanced at her and said without hesitation, "Then you should keep the scar."

"Yueyue, PEI Munian!"

"I don't mind. If you want to wear a backless dress or a bikini, you can only wear it in front of me."

Su Wanwan gritted her teeth in anger. I don't want to! You pig!"

PEI Munian finished peeling the Apple, cut a small piece, and handed it to su Wanwan's mouth. She said softly, "Alright, it won't leave a scar. I don't mind even if it does."

"Tsk, who cares if you mind or not!"

Su Wanwan angrily bit the Apple and unceremoniously bit his finger.

PEI Munian pretended to be angry as her fingers stung. if you don't care if I mind, then who do you care about? how dare you bite me, huh? "

PEI Munian placed the Apple back into the fruit plate and sat on the bed, leaning over.

Su Wanwan turned around and wanted to escape, but PEI Munian put her hands on her waist and pressed her against his body. He lowered his head and opened his mouth to bite her lips.

Su Wanwan groaned in pain. Her hands clenched into fists and pounded on PEI Munian's shoulders. PEI Munian hugged her tighter and tighter, but the strength on her lips was gentle. She licked the lips he had just bitten, as if comforting her. Then, she slowly traced her lips with deep love.

This gentleness made su Wanwan's hand, which was originally beating PEI Munian, unconsciously wrap around his neck. She raised her head, opened her lips slightly, and responded to PEI Munian's kiss.

She didn't know when the playful Kiss had changed. The two people's lips and tongues were intertwined, and the more they kissed, the deeper they went. Their breathing became rapid, their eyes became dark, and even the surrounding air became hot.

PEI Munian's kiss unconsciously went down, and even his big palm touched her soft skin. Su Wanwan's body seemed to have turned into water. Everything seemed to be triggered at the touch, but her phone rang.
