848 I'll support you (8)

The servants looked at him with fear and trepidation, but none of them dared to speak. PEI Munian walked towards the row of guest rooms, lifted her leg, and kicked open each door.

The thumping sounds continued, as if they were being kicked in the hearts of the group of servants. The last servant mustered his courage and said in a trembling voice, " young, young master, miss su is in the room at the end, at the end.

PEI Munian strode towards the end of the corridor. The servant guarding the door opened the door lock without a word. PEI Munian pushed the door open and saw su Wanwan lying on the bed.

He secretly heaved a sigh of relief. He took a few steps forward and sat on the edge of the bed. His black eyes scanned the sleeping woman up and down. After confirming that she didn't have any signs of injury, his big palm gently stroked su Wan's cheek and his voice softened. Wanwan, wake up.

He called out for a while before su Wan slowly woke up from her deep sleep. Her long, curly eyelashes gently trembled and her eyelids opened little by little.

The man's face went from blurry to clear. Su Wanwan's consciousness gradually became clear. Her lips curved and her voice was a little hoarse. niannian, you're here, Huahua.

She had never been afraid, because she knew that PEI Munian would definitely come to save her.

"Yeah, are you okay?"

Su Wanwan gently shook her head. I'm fine. I just don't have much strength in my body.

A trace of gloominess flashed quickly in PEI Munian's eyes. He bent down and gently kissed su Wanwan's forehead. Then, he carried her in his arms and turned to walk out of the room.

"Nian, niannian, little Zeze, and little Zeze!" Su Wanwan quickly reminded him.

"Don't worry!"

After PEI Munian walked out of the room, her eyes shot towards the servant at the door. The servant understood her and immediately used the key to open the door of the opposite room.

PEI Munian walked in and saw Xiao Zeze lying quietly on the bed. He ordered the servant coldly, " go and pick up the child and follow me.

"Yes, young master," The servant did not dare to disobey. She hurried over and picked up Xiao Zeze.

PEI Munian carried su Wanwan back to the main house. Su Wanwan looked at the scene and couldn't help but be surprised. She thought for a long time about who kidnapped her and Xiao Zeze, but she really didn't expect it to be Mrs. PEI.

Mrs. PEI was still sitting on the sofa. As she watched PEI Munian bring the man out, her face was extremely gloomy and her eyes were filled with anger as she glared at PEI Munian.

It was as if PEI Munian did not see her. She walked straight past her and headed for the door.

the PEI family will never allow such a disgraceful and immoral young Madam to exist. You should pick a time to officially file for divorce. Mrs. PEI's voice sounded from behind her, pausing after each word, her tone unquestionable.

Su Wanwan's heart suddenly thumped. She knew that Mrs. PEI had always had an opinion of her, but it was also the first time she heard her speak in such a tough tone. She finally understood why Mrs. PEI brought her and Xiao Zeze here. She should know that Xiao Zeze was not a child of the PEI family.

PEI Munian stopped in her tracks but didn't turn around. She spoke in a calm and firm voice, "mom, su Wanwan is my wife. She was in the past, she is now, and she will be in the future!

"So, you want this woman no matter what and won't divorce her?"

Mrs. PEI stood up agitatedly, her eyes shooting daggers at su Wanwan. PEI Munian, are you going to disregard the reputation of our entire PEI family and become enemies with the family for her? "
