This was the first time su Wanwan had seen Mrs. PEI so angry. Her heart trembled violently. She couldn't help but raise her hand and gently pushed PEI Munian. She said in a low voice, "niannian, let me down first. Let's have a good talk with mom.

She had indeed done something wrong with little Zeze's matter, so it was only natural for Mrs. PEI to be angry. She had always wanted to find a chance to explain it to her and apologize properly, but she didn't expect things to develop to this point.

But even if Mrs. PEI thought that she was trying to defend herself, she still had to explain.

However, when Madam PEI heard su Wanwan's words, she sneered, "miss su, there's nothing to talk about between us. Also, please pay attention to the way you address me.

Su Wanwan's face was slightly bitter from Mrs. PEI's words. She opened her mouth and still tried to explain, "Fu, Madam, I'm here to help Xiao Zeze.

"I'm not interested in listening to an outsider's business!"

As soon as Mrs. PEI's words fell, PEI Munian slowly turned around. He didn't put down su Wanwan in his arms, but hugged her even tighter. His black eyes met Mrs. PEI's eyes. His voice was low, and he said word by word, "if you must be like this, then we'll be enemies.

It was an indifferent sentence, but it carried a heavy weight.

Mrs. PEI's eyes widened in disbelief and she staggered back two steps. Her chest heaved up and down violently and her face turned white with anger. you, say that again!

mom, I will never give up on my wife. Wanwan will always be my wife.

"You, you, you, you, you, you, you, you, you,"

Mrs. PEI fell back onto the sofa and covered her forehead with her hand, as if she was dizzy from anger. Butler Xi looked at Mrs. PEI worriedly. Madam, are you alright? "

"What's the fuss about?"

A stern voice came from the stairs, and everyone looked in that direction. Mr. PEI's gaze swept across the hall and finally landed on Mrs. PEI's face. He frowned and strode over to help her up. Lihua, are you alright? "

Mrs. PEI was so angry that she couldn't make a sound, and her face gradually turned pale. Mr. PEI's eyes were burning with anger. He ordered Butler Xi in a deep voice, "help Mrs. PEI to her room to rest.

"Yes, Master."

Mr. PEI stood up, his dark eyes landing on PEI Munian. Munian, I'm so disappointed in you. How could you treat your mother like this!

Seeing Mrs. PEI like this, PEI Munian's heart was also filled with some worry, but he knew that he couldn't back down now. Even if su Wanwan did something wrong, it was also his indulgence. He couldn't let his mother blame her for the mistake. He didn't want her to be wronged.

"Dad, I don't think there's anything wrong with me protecting my wife."

"You can protect your wife, but it also depends on whether it's worth it!" Father PEI's sharp gaze swept over su Wanwan, and there was no love in his eyes. your mother is right. Miss su is not suitable to be our PEI family's young Madam, the future mistress of the PEI family!

He had always maintained a neutral attitude and respected PEI Munian's decisions. He did not interfere in his Affairs, but that did not mean that he had no bottom line.

Su Wanwan's actions had already exceeded the bottom line of his tolerance.

"If you choose su Wanwan to be your wife, then everything in the PEI family will no longer belong to you. You have her, then you can't have the wealth, status, and everything that the PEI family gave you! Are you giving up your right of inheritance?"
