Su Wanwan woke up and saw the news that caused a sensation in the entire L city. She stared at the big bold words on the newspaper and couldn't react for a long time.

Although father PEI had said that yesterday, she had thought that he was just angry. After a few days, when his anger had subsided, she would go to PEI Munian's house to apologize and have a good talk with him. Father PEI was a reasonable person, so perhaps this matter could be resolved. She did not expect him to be so decisive.

Wu Ju was worried. young Madam, what's going on? Why would the old master make such a statement out of the blue?"

Su Wanwan opened her mouth and didn't know how to explain. She sighed and folded the newspaper.

PEI Munian had gone to the company early in the morning, so she should have known about this, right? She wondered how he was doing now.

Su Wanwan lost her appetite for breakfast. She got up and walked out of the dining room. After walking around the living room a few times, she sat on the sofa, picked up the phone, and called PEI Munian.

The phone rang for a while before it was picked up. PEI Munian's voice was as calm as ever, and no emotions could be heard. what's wrong? "

Su Wanwan bit her lip and said softly, " I saw that statement. Yueyue, are you alright? "

"You called me because of this?" PEI Munian laughed nonchalantly. I think it's pretty good to have you to support me.

If he could still joke, then it should be fine, right?

Su Wanwan heaved a sigh of relief and felt relieved. then are you still in the company now? "

"Yeah, I'm handing over some work."

"Shall we have lunch together? I'll pick you up?"

no need. You stay at home and pack our luggage. Wait for me to come back.

Packing? Were they even taking back the villa?

Su Wanwan opened her mouth to ask, but PEI Munian continued, " Wanwan, I'm busy right now. Let's talk when I get home.

"Oh, okay. You can go back to your work then."

After hanging up the phone, su Wanwan leaned back on the sofa and stared blankly for a while. Then she sat up straight and clenched her fists tightly. Since PEI Munian chose her, she would make his choice valuable.

Even without the Halo of being the PEI family's Crown Prince, he would still have all of her love, full of love.

They didn't need to be rich. As long as they could be together, they could also live a happy life.

Su Wanwan ran upstairs, dragged out their luggage, spread it on the ground, then opened the wardrobe and packed up clothes one by one.

Su Wanwan was busy from morning to evening before she finished packing her and PEI Munian's luggage. PEI Munian had too many things and she only packed one-fifth of them. She was a little worried about the rest and thought that she could directly call a moving company to move them.

When PEI Munian entered the master bedroom, he saw su Wanwan standing in the middle of a pile of luggage. He raised his eyebrows in surprise. Wanwan, what are you doing? "

The room was filled with things, and there was no place to stay.

"Niannian, you're back?" Su Wanwan raised her eyes to look at him and said matter-of-factly: "I'm packing my luggage."

"Why did you take so many things out when you were packing? It's not like we're moving."

"Ah? If you're not moving out, then why do you want me to pack my luggage?"

PEI Munian held her forehead helplessly and shook her head as she laughed. She then kicked away some things and walked in. He held her slender waist and leaned over to her ear, saying word by word, " we want Yueyue.
