866 A sweet outing (6)

PEI Munian liked the way the woman in his arms said those harsh words. He hugged her and couldn't help but kiss her lips again. His voice was extremely soft. okay, then you watch closely. Don't let other women take me away.

The two of them hailed a taxi and arrived at the hotel a step after Gong Lingyu and Yu Jia.

After registering, they returned to their rooms.

Su Wanwan and PEI Munian's room had an ocean view. The room was wide and bright. Looking out, they could see the blue ocean, which extended to the intersection between the sea and the sky. It was extremely beautiful and spectacular.

Su Wanwan ran to the balcony, opened her arms to welcome the sea breeze, and took a deep breath. The air was full of clarity, making people's mood comfortable.

PEI Munian put down her luggage and walked over.

He stood behind su Wanwan, his long arms wrapped around her soft body, and his chin rested on her shoulder.

Su Wanwan looked at him sideways, her eyes full of smiles. niannian, look, this place is so beautiful ~"

No wonder so many people liked to come to the Maldives. The scenery here was really like a painting. Any random spot would be beautiful.

"Yes, it's so beautiful."

PEI Munian replied hoarsely. The woman's exquisite and beautiful face was reflected in her black eyes. She could not help but exclaim in admiration. In his eyes, she was the only scenery in his eyes.

Su Wanwan couldn't stay in the room and simply rested for a while. She changed into a long dress, put on a straw hat, and pulled PEI Munian out of the door.

She went to knock on Yu Jia's door.

Yu Jia responded and quickly opened the door. Su Wanwan said, "Yu Jia, niannian and I are going out for a walk. Do you want to go?"

"No, I'm a little dizzy from the plane ride. I want to sleep for a while." Yu Jia forced a smile. you guys go ahead.

Su Wanwan saw that Yu Jia's complexion was indeed not very good, so she didn't force him. then you should rest well. If there's anything, call me.

"Yes."

Su Wanwan went on to knock on Gong Lingyu's door. Gong Lingyu only glanced at the tightly shut door opposite and politely refused, "Wanwan, you go play with me. I won't be the third wheel."

Su Wanwan smiled and glanced at Yu Jia's room. She lowered her voice and said word by word, "Yu Jia is a little airsick and is resting in the room. Please take care of her."

Gong Lingyu understood tacitly and made an OK gesture.

Su Wanwan still wanted to say something, but PEI Munian walked over, wrapped her long arm around her slender waist, and led her away without saying anything.

Su Wanwan looked up at PEI Munian and ridiculed her without any politeness, "King of jealousy."

After walking out of the hotel, a large beach was in front of them. Further ahead was the sea. At this moment, the sun was setting in the West, and the surface of the water was sparkling.

Su Wanwan looked at the boulevard to the left in front of her. Many couples were strolling there. Su Wanwan stretched out her hand and pointed over there, saying to PEI Munian, "Niannian, let's go over there and take a walk."

"Yes."

The road was very long, as if it was built around the sea, almost surrounding the entire Island. Su Wanwan and PEI Munian walked on the road hand in hand. The light of the setting sun shone on them, making their figures seem like a dream.

Su Wanwan was so tired that she couldn't walk after walking less than one-third of the distance, but she still wanted to continue shopping and continue to look at the scenery. She blinked her big eyes pitifully, "niannian, what should I do?"

PEI Munian looked at her for a few seconds, thought about it, and scanned the surroundings. Then, she smiled and said, "Give me a moment."
