

Deeply 878

878 Niannian, you're so handsome (8)

Su Wanwan's hand fell on the woman's shoulder and used a little strength, as if giving her strength, but her voice was still very light, "can you stand up?"

The woman slowly opened her eyes. Her eyes focused little by little and slowly imprinted su Wan's face into the bottom of her eyes. Looking at her smile, the fear in her heart slowly faded a little and then she gently nodded.

Su Wanwan held the woman's arm and slowly helped her up. Perhaps her body didn't have much strength, but when she was halfway up, her knees went soft and her whole body fell down again, dragging su Wanwan down.

A hand reached out from beside her and grabbed the woman's arm. He helped her up and then pulled his hand back.

The strength of that hand was obviously different from su Wan's. It had a strong power, making the woman couldn't help but look sideways. Even if the surroundings were dark, the man in front of her seemed to have his own light. The woman looked at the man's face under the dim light of the street lamp, but felt that no words of praise in this world could describe his handsomeness. At this moment, he brought her amazement.

Her gaze seemed to be too hot, causing PEI Munian to frown unconsciously. The woman saw his frown and her long eyelashes trembled slightly. She realized that she had lost her composure and quickly lowered her eyes.

"T-thank you. If it wasn't for you guys, I would've run away." Her voice was as weak as a mosquito, and it was trembling. It was clear that she was really frightened.

"No need to thank me, no need to thank me." Su Wanwan quickly stopped him. I think you're Chinese too, right? "I heard you shouting a few words in Mandarin just now. We're Chinese too. Since we're fellow countrymen, it's only right for us to help each other out when we're outside."

The woman nodded. I-I'm Chinese. Yingluo still has to thank you."

Su Wanwan smiled. Seeing that her hands were tightly gripping the torn clothes but still couldn't cover her body, she could only look at PEI Munian.

PEI Munian's brows furrowed even more, but she couldn't resist su Wanwan's gaze. He took off the thin sweater and handed it to her. Su Wanwan unfolded the sweater and wrapped it around the woman.

The woman gratefully smiled at su Wanwan and then timidly glanced at PEI Munian. Her voice was still very low. thank, thank you.

you're injured. You should go to the hospital as soon as possible. Su Wanwan said again.

"I'm Yingying." The woman bit her lip and opened her mouth, feeling a little embarrassed. my money, my phone, and all of it were stolen by them. I'm sorry.

Su Wanwan understood. She directly opened her palm to PEI Munian. niannian, wallet.

PEI Munian glanced at her helplessly and reached into her pocket to take out her wallet. However, the woman shook her head. I, I didn't mean it that way. I was just wondering if I could trouble you guys again to accompany, accompany me to the hospital. I'm all alone and I don't dare to leave.

The woman's voice became softer as she spoke. It seemed that she didn't want to trouble them, but she was really scared.

PEI Munian's dark eyes landed on the woman. Her gaze froze and her voice was emotionless. we'll go out with you. You can take a taxi to the hospital.

The woman's head drooped down as she listened to him.

Su Wanwan looked at PEI Munian's pitiful appearance and thought about how she had just experienced such a terrible thing. It was reasonable that she didn't dare to be alone now. She couldn't help but shake her head at PEI Munian and smiled. okay, let's go together. My husband's back is injured too. We can go to the hospital to see him.
