Yu Jia sighed, then laughed at herself. She didn't know what she was conflicted about. Gong Lingyu had never said that he liked her or wanted to be with her, but she was letting her imagination run wild.

Perhaps he would only be pestering her for a while, and when he felt bored, he would let go.

Their lives would be like two straight lines crossing each other. After a short intersection, they would run away from each other and go further and further away, never to cross paths again.

Therefore, she had to keep her heart in check and not be swayed by Gong Lingyu.

The next day.

The sun was bright and the breeze was gentle. As soon as su Wanwan opened her eyes, she saw the large blue sea, spreading for thousands of miles and connecting with the sky, making people's hearts open up.

Su Wanwan got up from the bed, stepped on the soft carpet barefooted, and jumped to the balcony. She closed her eyes and took a deep breath, then stretched her big lazy waist.

The air was fresh, the sea breeze was comfortable, and the sun was bright and warm. It was a beautiful morning. It would be such a waste if he fell asleep just like that.

Su Wanwan returned to her room and jumped onto the bed. She knelt beside PEI Munian and reached out to shake his body. niannian, get up, get up.

PEI Munian's thick eyelashes trembled, and her eyes seemed to open slightly. She glanced at her and then turned around, her back facing her.

It wasn't easy for her to come on a vacation, so why did she have to wake up so early? Of course, he had to sleep until he woke up naturally.

Su Wanwan went around to the other side and continued to push him. niannian, don't sleep in. Look at the good weather outside. Let's go have breakfast and then go to the beach to play.

"Aiya, hurry up and get up!"

PEI Munian turned over again as if she did not hear him. She even pulled the blanket and wrapped herself in it.

Su Wanwan gritted her teeth. She was angry. She bent down and leaned close to PEI Munian's ear. She cleared her throat, raised her voice a few times, and shouted at him, "It's time to wake up, PEI Munian!"

That roar made PEI Munian's eyebrows tightly knit. She opened her eyes and looked at su Wanwan with her sleepy eyes. Su Wanwan proudly raised her chin. are you awake? "Then hurry up and get up."

Su Wanwan reached out to grab PEI Munian's arm, but he grabbed it with the back of his hand. With some force, she couldn't pull PEI Munian up and fell down instead.

As soon as her back touched the soft mattress, PEI Munian turned over and pressed her down. She pressed her hands above her head and freed one hand to pinch her small chin. Her lazy eyes were filled with evil. su Wan, do you know that you have to pay the price for waking me up, huh? "

"W-what price?"

"What do you think?"

Su Wanwan stared with her beautiful big eyes, pursed her lips, and immediately turned her cheek to the left, pretending to be dead: I don't know. Let me go. I want to wash up. I'm hungry. I want to eat breakfast!

PEI Munian turned her little face back effortlessly. His black eyes met hers, and he curled his lips and smiled."Yeah, I'm hungry too, but Yingying."

His voice paused and his voice lowered. It suddenly entered su Wanwan's ears. you have to feed me first.

As his words fell, his lips fell on her lips. Su Wanwan dodged left and right, but in the end, she still couldn't avoid it. His kiss spread all the way down. When his big palm was about to peel off her clothes, su Wanwan regained some consciousness and quickly grabbed his hand.
