Su Wanwan went out of the room and walked towards Yu Jia's room next door. Then she reached out and knocked on the door. Yu Jia, wake up. Wake up quickly. Let's go have breakfast and go out to play.

Then, she turned around and knocked on the door of the opposite room, shouting, "Lingyu, Lingyu, hurry up and get up. Get up, the sun is shining on your butt!

After knocking for a while, Yu Jia opened the door. Su Wanwan saw that she was dressed neatly and couldn't help but smile: "You're awake? Come and have breakfast with us. I heard that the breakfast at this hotel is pretty good."

At the same time, the door of the opposite room was pulled open. Gong Lingyu was wearing a nightgown, his hair was messy, and his sleepy eyes were puffy as he yawned. It was obvious that he had just been woken up by su Wanwan. what's wrong? "

"Still sleeping? Let's go have breakfast."

As soon as Gong Lingyu's eyes met Yu Jia's, he recalled his current state. For some reason, he was unwilling to let her see his imperfect side, so he hurriedly said, " okay, wait, wait for me for a while!

He returned to his room and closed the door.

Su Wanwan had been paying attention to the expression on Gong Lingyu's face. When she saw this, she couldn't help but blinked at Yu Jia. Yu Jia, did something happen between you two last night? " Look at Lingyu's bashful little face."

"Wanwan, don't talk nonsense! I have nothing to do with him!" Yu Jia quickly interrupted su Wanwan's words.

Su Wanwan narrowed her eyes and scanned Yu Jia up and down. that's not right. You denied it so quickly. There's definitely something fishy. Quick, tell the truth!

Yu Jia felt guilty from su Wanwan's gaze. The image of Gong Lingyu pressing her against the wall and kissing her couldn't help but float up in her mind. Her cheeks couldn't help but blush and even her eyes flickered.

Su Wanwan was just testing him, but she didn't expect to see Yu Jia's strange expression. Yu Jia, are you blushing? " No way, did I really hit the mark? What happened last night?"

"No, I didn't,"

"Come on, why are you blushing if you didn't? Hurry up and tell me!"

"I said there's no more."

Su Wanwan pressed on step by step and Yu Jia retreated step by step. When she was almost forced to the corner by su Wanwan, footsteps came from behind. Yu Jia saw PEI Munian's figure coming over and she quickly called out, " young master PEI!

Su Wanwan reflexively turned her head back. Yu Jia took advantage of her unguarded state and quickly turned around and ran back to the room, about to close the door.

“Aiya!”

Only then did su Wanwan realize that she had been tricked. She turned around to block the door and said to PEI Munian, “Niannian, come and help me. I want to interrogate her properly!”

Yu Jia retorted with a red face, “I told you nothing happened. You want to interrogate me, but I want to interrogate you too. What was Gong Lingyu doing here? Did you tell him?”

“Uh, Yingluo.” Su Wanwan felt guilty and her strength weakened a little, so Yu Jia knocked the door hard.

Then, her voice came from the door. Wanwan, I won’t go for breakfast. You guys go ahead.

It was like this again!

“Yu Jia, you coward! We came here to face it, what’s the use of running away!” Su Wanwan raised her hand and knocked on the door. come out quickly and have breakfast with us!

When she was hesitating about PEI Munian’s relationship, it was PEI Munian who encouraged her to pursue her own happiness bravely. She did not expect that she would be a coward when it came to her.

She respected her opinion, but as a good friend, she still had to give her a push when necessary.
