906 Kneel down and call her Queen (6)

Separated by a dividing net, the four of them looked at each other. PEI Munian's lips curled up, Yu Jia's eyes did not hide her killing intent at all, and Gong Lingyu stared back fearlessly. His and Yu Jia's gazes intertwined in the air, and it was like a spark that burst out endless sparks.

Su Wanwan looked at the half-smile on PEI Munian's handsome face and her heart couldn't help but beat like a drum. She raised her hand and knocked on her head. How could she forget? she could offend anyone but PEI Munian. He was a Xuanji who would seek revenge for the smallest grievance.

However, she couldn't back down. She had to fight bravely and show her wife's power.

Su Wanwan also raised her chin at PEI Munian and even gave him a particularly provocative thumbs up. Then, she slowly fell down with her thumb facing down.

PEI Munian raised her eyebrows at su Wanwan's childish provocation and her smile became playful. He held the volleyball in his hand and pushed it back to the boundary. "Are you ready? It's starting!"

Everyone made an OK gesture.

PEI Munian threw the ball into the air, then with a handsome jump, the ball flew out quickly and headed in their direction. To be exact, it was headed for su Wanwan.

Su Wanwan's eyes were fixed on the ball, her feet moved back with the movement of the ball. She measured the distance and wanted to hit the ball back. Then, she waved her hand and brushed past the ball. The next second, the ball directly hit her head. Su Wanwan couldn't help but groan.

"Ha, I got a point!"

Yu Jia laughed and turned around to high-five PEI Munian. Then, he raised his eyebrows at Gong Lingyu. it's not too late to admit defeat now.

"Tsk, you only got one point and you're already a villain! It's still too early to decide who will win or lose!" Gong Lingyu retorted. Then, he turned around and asked su Wanwan, "Wanwan, how was it? Are you alright?"

"I'm fine, I'm fine!"

Su Wanwan steadied her body and stopped the anger in her heart from rising. PEI Munian, this bastard, actually didn't show any mercy at all. She actually directly came to give her a show of force with the first ball! Alright, she would have a good match with him and dampen his spirit!

"Lingyu, we can't let them go. We must kill them all!"

alright, Wanwan, let's do our best!

After encouraging each other, the two of them reignited their confidence. They clenched their fists and hit each other, then separated and stood in their own positions.

This time, it was Gong Lingyu's turn to serve. He raised the ball and glanced at Yu Jia with a sharp gaze. With a wicked smile, he threw the ball into the air and smacked it hard.

The ball flew out quickly and headed in Yu Jia's direction. Yu Jia sneered and took two steps back. Then, she jumped with all her might and smacked the ball back. Gong Lingyu wanted to rush forward to catch it, but he slipped and missed the ball. The ball fell and hit his face.

".....?"

".....?"

Su Wanwan quickly ran to Gong Lingyu and reached out to help him up. Lingyu, are you okay? "

Gong Lingyu shook his slightly dizzy head and only recovered after more than ten seconds. He waved his hand and said, " I'm fine, I'm fine.

Yu Jia laughed with his hands on his stomach. oh my, we got another point by accident. We got two points at the beginning of the game. It seems like we're already starting to win!

Gong Lingyu was so angry that he slammed the water's surface and struggled to get up. He made a throat-slitting gesture at Yu Jia. again. I let you have your way because I saw that you were a woman just now. This time, I won't show you any mercy!
