

Deeply 907

907 Kneel down and call her Queen (7)

Su Wanwan also hurriedly supported her teammates and said to PEI Munian, who was opposite her, "Me too, I won't show any mercy to you guys anymore!"

"Alright, bring it on!" PEI Munian raised her hand and curled her slender fingers. I look forward to your performance!

This Yingluo was obviously looking down on them!

Su Wanwan gritted her teeth. let's start!

This time, it was PEI Munian's turn to serve the ball. He lazily threw the ball up and smacked it out. The ball barely leaped over the net in the middle and fell straight down. Su Wanwan was shocked and quickly lowered her body. She used both hands to hit the ball up and then called Gong Lingyu. He understood and rushed up from behind in two or three steps. With the ball she held high, he ruthlessly smacked it to their side.

However, PEI Munian had already been there for a long time. When the ball came over, he easily jumped and casually patted it. The ball passed the net and fell, once again accurately hitting su Wanwan's head.

"Wuwuwuwu."

Su Wanwan couldn't help but cover her head again, her beautiful eyebrows fiercely frowning. It didn't hurt very much because she was confident in her strength. It was just that PEI Munian hit the same place on her head twice in a row. It was simply intentional.

This bastard!

Wanwan, are you alright? "

"I'm fine, again!"

Su Wanwan gritted her teeth and stood up. She said hatefully, "I don't believe that I can't deal with you. PEI Munian, just you wait!

"Come on!" The corners of PEI Munian's lips curled up and she hooked her finger handsomely.

"

Su Wanwan snatched the ball from Gong Lingyu. I'll serve! With that, she retreated to the back, aimed at PEI Munian's direction, and threw it with all her might.

The ball quickly flew towards PEI Munian. PEI Munian could clearly see the path of the ball and he could easily catch it. It was just that the image of su Wanwan's Red cheeks floated in his mind and his eyes moved slightly.

If he still missed this shot, she would probably really turn hostile. His sex life was still with her, so he couldn't really anger her.

As PEI Munian retreated, she deliberately tilted her feet and fell into the water. The ball flew over and hit her head accurately, causing her to cry out in pain.

Time seemed to have stopped at this moment. Su Wanwan looked at the scene in front of her in disbelief. She blinked and blinked again. She was stunned. She hit PEI Munian?

Gong Lingyu, who was beside her, had already cheered out loud. He ran over and clapped his hands with su Wanwan, smiling: Wanwan, well done. You did well and made us proud. In case some people are too smug and have their noses up in the air!

“Tsk, I only managed to recover that one point!” Yu Jia retorted, “ it’s too early to be happy!

Yu Jia turned around and reached out to pull PEI Munian. PEI Munian borrowed some of her strength and stood up from the water. Yu Jia looked at him and lowered his voice. young master PEI, you can coax your wife, but I definitely can’t lose to Gong Lingyu!

With PEI Munian’s ability, it was impossible that she could not catch the ball just now. She was clearly throwing the game on purpose.

PEI Munian smiled. don’t worry, you can beat Lingyu however you want to. I won’t interfere. But, Yingluo, you can’t let my wife lose too badly.

This protectiveness ...

And this obvious difference in treatment ... Was Xuanji Palace’s Lingyu really his cousin?

alright, deal. I’ll focus on attacking Gong Lingyu, and you’ll be responsible for protecting your wife!
