PEI Munian's hoarse voice paused, her lips curved into a smile, then she opened her mouth again. Her voice slid into su Wanwan's ear, word by word, " my queen.

My queen

Su Wanwan suddenly felt as if her heart was being held in PEI Munian's hand, and her body was involuntarily led by him. She lost her soul and her own thoughts. In her entire mind, there was only this man in front of her.

She had never known that PEI Munian was so alluring that she could not stop herself.

That firm thought dissipated at this moment. How could she still remember the scar on her back? su Wanwan swallowed again and suddenly got up. She pushed PEI Munian to the side and pushed her onto the bed. She turned over and knelt in front of him. She held his cheeks with both hands and kissed him with her red lips.

At this time, everything else was fleeting clouds. She only knew that she wanted the man in front of her. She wanted to give herself to him completely. She wanted to be close to him. She wanted to be one with him and never separate from him again!

Su Wanwan was so proactive that PEI Munian couldn't help but be stunned for a moment. Soon, he chuckled and wrapped his arms around her soft body, turning from guest to host.

The tip of his tongue barged into her mouth and swept over every part of her body domineeringly. He did not let go of any inch of sweetness. He sucked and tasted it carefully. The sound of intimacy rang in the quiet room and the air became hot, as if there was a fire in the air.

In the midst of entanglement, PEI Munian unconsciously pressed su Wanwan back under him. His kiss gradually moved down and kissed her white and slender neck, leaving a mark.

Su Wanwan's breathing gradually quickened. Her hands held PEI Munian's head, her fingers subconsciously inserted into his hair, her fingertips gently rubbing, making PEI Munian gasp heavily.

As her clothes were gradually taken off, PEI Munian's kiss continued to move downwards. Wherever she went, there was a fiery seedling that made people burn fiercely.

Su Wanwan's soft moans entered PEI Munian's ears. It was as if another fire was added to his body. He couldn't help but hold her slender waist with both hands.

Wanwan, are you ready? "

An extremely low and hoarse voice sounded in su Wan's ear. Su Wan opened her misty eyes and was unable to react when the man's voice sounded in her ear again, " Wanwan, I can't hold it in anymore.

As soon as the words fell, su Wan felt that her body was slowly being torn apart. She took a deep breath and her consciousness became a little more clear. She quickly called out: "Wait!"

PEI Munian's movements paused, her dark eyes fixed on her face.

Su Wanwan gasped for air, her eyes didn't hide her nervousness and fear. She negotiated, " "Niannian, why don't we do it again next time?"

She had forgotten that she had not done this kind of thing with PEI Munian for almost a year. Now that she had to start all over again, it must be very, very painful. Memories of the past surfaced in her mind involuntarily, and her face turned pale.

PEI Munian saw the slight change in her expression and her tense body. He naturally knew what she was afraid of. However, at this moment, he could not stop and let her retreat.

Wanwan, don't be afraid. Trust me!
