932 There's something even more atrocious (2)

Yu Jia asked the waiter to push the dining cart into the room, gave him a tip, and let him leave. She pushed the dining cart to the table and placed the food on the table one by one. Then, she placed the candle in the middle of the table. She unscrewed the lid of the red wine, poured it into a crystal glass, and put it on the table. Finally, she lit the candle.

After she was done decorating, she quickly ran back to the bedroom and changed into the sexy pajamas that Wanwan had insisted on buying for her when she went shopping with her the other day. She let her hair down and sprayed some perfume on it. She stood in front of the full-body mirror. The woman in the mirror was not as innocent and delicate as usual. She was more charming and sexy.

Yu Jia looked her up and down several times. She didn't expect to have such a side to her. She was not used to it. After some thought, she put on a sleeping robe.

She glanced sideways at the bathroom. She could still hear the sound of water. She clenched her fists unconsciously and cheered herself on.

I must not back down. Tonight, I must pounce on doctor Xu and have substantial progress with him! Gong Lingyu and the others were nothing but fleeting clouds!

When doctor Xu came out and saw the scene in front of him, he was slightly stunned.

The lights in the room had been dimmed, giving off a kind of charm of the night. The air seemed to be exuding wisps of fragrance, tempting the heart. The music was melodious and elegant, pleasing to the ear and soothing to the heart.

He looked up and saw exquisite food and a bottle of red wine on the table. Yu Jia sat on the chair, holding the red wine between her fingers and slowly taking-sip. Her red lips opened and closed, and her throat swallowed. Every movement was slow and elegant. Under the flickering candlelight, her beautiful face was faintly visible, with a strange temptation.

Dr. Xu couldn't help but look dazed. It was his first time seeing Yu Jia like this. She was usually calm and rational. She always looked serious in the White doctor's robe. It was hard to imagine that Yu Jia could have such a feminine side.

Doctor Xu smiled and walked over.

Yu Jia looked over. wind, you're done showering?"

"Yes." Dr. Xu pulled out a chair and sat across from Yu Jia. He didn't say anything but lowered his eyes. He glanced at the things on the table and then looked up at Yu Jia with a light in his eyes.

Yu Jia tucked his hair behind his ear uncomfortably and tried to make his expression as natural as possible. you didn't eat much on the plane, did you? That's why I ordered something for you to eat."

They were adults, so how could Dr. Xu not understand what she was thinking? he didn't expose her and just accepted it with a smile. yeah, I'm a little hungry.

“Then you should eat more. These things taste good!”

“Alright,” he said.

Yu Jia secretly heaved a sigh of relief. This was over, but she couldn’t relax, because the main event was coming up later!

She smiled, raised her glass, and said to doctor Xu, “Wind, let’s have a drink.”

Dr. Xu picked up the crystal glass and clinked it with Yu Jia’s. Then, she raised her head and took a sip. Yu Jia looked at him with a smile and also took a sip.

Very good. If the atmosphere was maintained like this, everything would be done naturally.

The two of them drank and talked in low voices. Unknowingly, they had already drunk a few glasses. The two of them gradually got closer and the atmosphere became ambiguous.

Yu Jia looked at the man who was so close to her, and doctor Xu’s Black eyes were fixed on her face. The two of them seemed to be attracted to each other by a magnetic field, and they slowly leaned toward each other.
