Gong Lingyu, you're not familiar with wind, so we don't need you to entertain us. Please leave, we're going to rest.

Gong Lingyu didn't mind Yu Jia's attitude at all. Instead, he raised his eyebrows and shifted his gaze to Yu Jia. He said lazily, " "But I'm close to you. He's your boyfriend, so I naturally have to help entertain him, right? Doctor Xu?"

He turned to look at doctor Xu, and the corners of his lips curled up slightly. He had deliberately emphasized the word " very familiar ".

Yu Jia's heart skipped a beat. Gong Lingyu was obviously here to cause trouble. It was not easy for doctor Xu to believe that there was nothing going on between her and Gong Lingyu, but he just had to say such things in front of doctor Xu. Wasn't he deliberately making people think more?

"Gong Lingyu! Get out!"

Yu Jia's eyes turned completely cold. No matter what, she couldn't let him continue to talk nonsense here. She stepped forward, grabbed Gong Lingyu's arm again, and tried to pull him up, but Gong Lingyu just sat there without moving. He looked at doctor Xu and continued, " doctor Xu, if you don't want to go out for a drink, you can drink here. Yu Jia and I are very close friends. If you want to know anything about her, you can ask me. I promise I'll tell you everything I know. I'll tell you everything!"

".....?"

If she could, Yu Jia really wanted to cut this bastard in front of her into a thousand pieces, but at this moment, she had to force a smile. She lowered her voice and said with a fake smile, "Gong Lingyu, you're already drunk after just a small cup, right? If you're drunk, go back to your room and sleep! Don't get drunk here!"

"Crazy drunk?" Gong Lingyu, on the other hand, looked aggrieved. Yu Jia, I'm helping you entertain your guests. How can you say that about me? But Yingluo, if you say I'm drunk, then I'll be drunk. Anyway, I tell the truth when I'm drunk. What I say when I'm drunk is definitely true. Don't you think so, Dr. Xu?"

".....?"

Yu Jia grabbed Gong Lingyu's shoulder hard and pulled him in front of her. She lowered her voice even more and whispered in his ear, " "Gong Lingyu, are you done playing? What do you want?"

Gong Lingyu looked at Yu Jia's face that was so close to him. Her cheeks were flushed red from anger, her eyes were wide open, and her tone was extremely fierce. The moment she got so close, he could smell the alluring perfume on her body and the sexy nightdress under her nightgown. His eyes narrowed and he answered lazily, " nothing much. I just wanted to help you entertain the guests and have a drink with him.

".....?"

It seemed like he was going to cause trouble today?

Yu Jia gritted his teeth and clenched his fists, thinking about whether he should beat him up. Dr. Xu, who had been silent, slowly opened his mouth. okay, let's go out for a drink.

Yu Jia looked at doctor Xu in surprise, blinked, and said, " "Wind, don't worry about him. He's just a useless person!"

it's fine. I'm also thinking of drinking. I'll go out for a drink with Mr. Gong.

"Ah Feng, Pixiu."

doctor Xu, you're so forthright. Alright, let's go now. I want to have a good drink with you. We won't leave until we're drunk! Gong Lingyu immediately stood up and walked over. He put his arm around doctor Xu's shoulder and led him out.

"Wind!"

Dr. Xu stopped in his tracks and turned back to look at Yu Jia. Gong Lingyu couldn't help but stop as well.
