How could he not mind? after all, they were his beloved parents. However, she couldn't let him worry about her.

Su Wanwan tried hard to squeeze out a smile and nodded gently. yes, I know. I only listen to you. Other people's words don't matter.

"Good girl."

PEI Munian planted a kiss on su Wanwan's Red lips, turned over, and pulled her up.

After washing up, they changed their clothes and went downstairs. Auntie Wu had already prepared breakfast. The two of them had a simple meal and drove to the hospital.

When they passed by the flower shop, su Wanwan asked PEI Munian to stop the car. She walked into the flower shop, picked a bunch of beautiful flowers, and returned to the car with them.

PEI Munian looked at her from the side and smiled as she rubbed her head. She then started the engine and the car merged into the traffic.

Today, Xi Zhiwei was not in the ward. Only father PEI and a nurse were there. Father PEI was accompanying mother PEI and talking to her. When he saw PEI Munian and su Wanwan walking in together, his face sank.

PEI Munian walked forward and called out to her parents. Su Wanwan also greeted them in a low voice. Then, she handed the flowers in her hand to Mrs. PEI. mom, this is for you. I hope you can recover soon.

Mrs. PEI raised her hand and took the flowers. Su Wanwan secretly heaved a sigh of relief.

Father PEI glanced at PEI Munian, stood up, and said, "Come out with me, I have something to tell you."

PEI Munian subconsciously looked at su Wanwan. Su Wanwan knew what he was worried about and quickly pulled his collar. "Go on, I'll stay here with mom."

"Yes, I'll be back soon."

After Mr. PEI and PEI Munian walked out of the ward, it was a little quiet. The atmosphere was a little stagnant. Su Wanwan coughed lightly to break the stiff atmosphere and said softly, "mom, do you feel better today?"

Madam PEI raised her eyes and looked at her. Her lips curled up in ridicule. The next second, she threw the flower in her hand to the ground. It just happened to fall at su Wan's feet, and the petals shattered all over the ground.

"Miss su, if you hadn't come, I would have felt much better." Her voice was still weak, but her words were merciless. I made it clear yesterday that I don't welcome outsiders here. Why? Don't you understand Chinese?"

“Mom, I’m just worried about your Hanhan.”

if you’re really worried about me, then leave my son. As long as you’re willing to get a divorce, I’ll agree to any conditions you have.

The hands hanging by her sides slowly clenched. Su Wanwan bit her lip hard, took a light breath, and said in a low voice, “mom, I can promise you anything you say, but Huahua, I won’t leave mu Nian. We are truly in love.

I know that I’ve done a lot of wrong things in the past and let you and dad down, but Qianqian, please give me another chance. I won’t do anything to embarrass the PEI family again, and I won’t hurt Munian again.

“Definitely?”

Mrs. PEI scoffed at her words and sneered. miss su, it’s not like I didn’t give you a chance, but what did you do? You’re full of schemes and unscrupulous. You’ve hurt him time and time again because of mu Nian’s love for you. You’ve embarrassed the PEI family time and time again. Do you still have the face to ask me to give you another chance?”

no matter what, I will never agree to you and mu Nian being together again. You’re not fit to be the future lady of the PEI family. Mu Nian may be bewitched by you now, but he’ll eventually see who’s the one who’s really good to him and who’s the best for him!
