Chapter 96 Deadlock (2)

After that, PEI Munian's expression would turn extremely ugly, and he would slam the door and leave.

Su Wanwan curled up on the big bed. With scars all over her body, she shed tears unscrupulously.

—

Su Wanwan made an appointment to meet Gong Lingyu and tactfully rejected his proposal to cooperate.

Gong Lingyu didn't seem to be too surprised by this outcome, but he was still a little depressed. He tried his best to hide his emotions and pretended to be relaxed as he said, " what about your company if you refuse to work with me? Are you really preparing to go bankrupt?"

Su Wanwan lowered her eyes and her hand subconsciously stirred the coffee in front of her. She replied in a low voice, " he helped me.

Naturally, Gong Lingyu knew who this 'he' was. He furrowed his brows and his eyes darkened.

He didn't deny that he proposed to cooperate with su Wan. First, it was indeed out of business considerations, but more importantly, he couldn't give up.

If su Wanwan was living a happy life now, he naturally wouldn't have any other thoughts and would wish her well. But that night, su Wanwan didn't hide her sadness and he couldn't help but rekindle his hope.

Su Wanwan and PEI Munian suddenly exposed that kind of news. Everyone thought that the two of them had been in love for a long time, but as far as he knew, they had just met not long ago. If he wanted to talk about feelings, it was simply impossible.

Therefore, their marriage was basically a marriage to save face for quanshuang, who was against the family.

In that case, PEI Munian might not be willing to marry su Wanwan, and su Wan might not be willing as he thought, but for some other reason.

Perhaps it was for concubine su, for the SU family, just like the reason she chose him in the first place.

If that was the case, he would fight for it.

As long as su Wanwan and PEI Munian were not in love, he was not willing to give up like this!

Gong Lingyu was silent for a while. He raised his eyes and looked at su Wanwan. His thin lips opened slightly and he said slowly, word by word, " Wanwan, can you tell me why you chose to marry my brother at that time? "

A trace of surprise flashed in su Wanwan's eyes, as if she didn't expect him to ask this question, but it disappeared in a flash. She curved the corners of her lips and pulled out a smile. Then, as if she didn't

hear Gong Lingyu's words, she said softly, "Lingyu, I still have things to do later, so I'll take my leave first."

Every time he mentioned her relationship with PEI Munian, su Wanwan would deliberately avoid it. Gong Lingyu's hope couldn't help but expand. He reached out and grabbed su Wanwan's wrist, continuing to ask, "Wanwan, I just don't want to see you unhappy. If you marry my brother just because of Madam su, I can help you. At least, I love you, Qianqian. I will treat you well and give you happiness."

Su Wanwan didn't wait for Gong Lingyu to finish speaking. Her hand had already broken free without any explanation. Her face was slightly serious and her tone of voice also carried a trace of reproach and warning. Lingyu, I'm already married. I hope you won't say such words again in the future!

"But you're not happy, are you? I know my brother. All these years, I've never seen him interested in any woman. He only married you for the PEI family's reputation. He didn't marry you willingly, so he won't cherish you. Are you going to suffer for the rest of your life just for the SU group? Didn't you say before that you wouldn't do this?"
