962 Who's that on the phone (8)

[Wanwan, I'm sorry. Something came up at the last minute and I might not be able to go back tonight. Don't wait for me.]

Su Wanwan looked at the text message in a daze and couldn't react in time. She clearly saw that he didn't have any plans tonight. What could have happened at the last minute?

Her woman's sixth sense told her that this last minute matter might not be business, but a private matter. Would he go and see that woman?

Su Wanwan's heart suddenly thumped. She quickly exited WeChat and directly called PEI Munian.

The phone rang twice, and the man's deep and pleasant voice lazily came through. are you angry? "

of course. You said you were coming back and I was so happy the whole day. Auntie Wu and I even made a table of your favorite dishes. In the end, you said you weren't coming back and you didn't.

Su Wanwan pretended to be angry and complained, " didn't you just say that you left the company? Was he going back now? Where did you drive your car to?"

PEI Munian paused for a moment, as if she had seen that place. Then, she replied to su Wanwan with a road name.

Su Wanwan's mind quickly searched. That place wasn't far from the villa. She sighed, " we've already driven here, but we can't even come back.

"Don't be angry. After I'm done with my work, I'll accompany you every day. Don't find me annoying then."

alright, I'll remember that. You must accompany me every day.

After hanging up the phone, su Wan ran upstairs, picked up her car keys and wallet, and quickly rushed out.

Auntie Wu looked at her figure in shock and couldn't help but shout, " "Young Madam, where are you going? Aren't you going to eat?"

"No, I have to go out for a while!"

As her words fell, su Wanwan's figure disappeared without a trace.

She got into the car and started the engine. Su Wanwan stepped on the accelerator to the limit and drove towards the place PEI Munian mentioned.

She wanted to follow PEI Munian and see if he was busy with work or personal matters!

She knew that there would be a traffic jam on that road at this time, so she should be able to make it in time. As expected, the moment her car turned out of the main road, she saw PEI Munian's low-key luxurious car stuck in the middle of the road.

She quickly turned around and followed behind PEI Munian's car.

The car moved forward slowly, like a snail crawling. Su Wanwan's eyes were fixed on the car in front of her, not daring to relax in the slightest.

She hoped that PEI Munian really had work to deal with, but at the same time, she also hoped that he was going to meet that woman.

She was already on tenterhooks for the past few days and didn't want to continue. It was better to end it as soon as possible!

After a while, the road was clear. PEI Munian's car was driving in front while su Wanwan followed behind, keeping a distance.

The car returned to the city and headed for the PEI family corporation's business center.

Su Wanwan's hanging heart relaxed a little. It seemed that PEI Munian really had business to go back to the company to deal with?

However, before he could relax completely, the car turned right at a fork and turned into a residential area in the commercial center, which was full of high-end apartments.

Su Wanwan's hand that was holding the steering wheel suddenly tightened. PEI Munian came to the residential area. She couldn't be going to work, right? That meant he was really here to find someone!

So, he didn't come home tonight because he wanted to find that woman with the gentle voice?

However, after su Wanwan followed his car into the residential area, his car actually stopped below the apartment where Xi Zhiwei lived.
